

# TEACHER TERM REPORTS FOR GREENE COUNTY MISSOURI 1910-1913

The Greene County Archives & Records Center has student listings for county schools back to 1910. There is a fairly complete run of these paper teacher term reports up to the consolidation of county schools in the 1940s/1950s. Although there are some book records of county school students which predate 1910, the listings are far from complete. Teacher term reports listed the name of the student, age of student, grade, sometimes the birth date, sometimes the names of parents or guardians, and sometimes the address of the student. Each school district record may not contain all of these items. Indexing of these term reports was started in 2005 by Dan Spellman and Carolyn Snider. Dan has spent many hours putting these school records into both alphabetical student lists and lists by school district.
