Additional Outdoor Warning Siren Testing for Greene County

SPRINGFIELD, Missouri – The Springfield-Greene County Office of Emergency Management (OEM) will be conducting additional testing of the outdoor warning siren system, weather permitting, during the regularly scheduled monthly siren test this Wednesday, July 12, at 10 a.m. Residents in Greene County, including the City of Springfield, may hear additional siren tones. All testing should be concluded by 10:30 a.m. on Wednesday.
