

For Immediate Release

Date: January 14, 2016

Public Meeting Scheduled for Kansas Extension Project

SPRINGFIELD, MO - The Greene County Highway Department will host a public open house for the Kansas Extension project. The open house will be held:

Tuesday, February 2, 2016

5:00pm-7:00pm

Library Center Auditorium
4653 S Campbell Avenue
Springfield, MO 65810

Last fall, the Greene County Highway Department started the next phase of the Kansas Extension project by conducting an environmental study along the future roadway corridor. The extension of Kansas Expressway has been planned for several years to provide an additional north-south roadway in southern Greene County that will improve traffic flow in the area. Current plans are to extend Kansas Expressway from where it currently ends at Republic Road for a little over two miles south to a connection with Farm Road 141 (Cox Road). The County anticipates starting construction on the roadway in 2018.

The open house will include information on the history of the project, the results of the recent environmental surveys, a project timeline, as well as an opportunity to provide comments. Attendees are welcome to come and go at any point during the open house, as no formal presentation will be given.
