FIRE WEATHER ALERT

WILDLAND FIRE HAZARD REPORT

Springfield-Greene County
Office of Emergency Management

Emergency Operations Center Partner Agencies

03/09/2019 - 12:45pm

Fire Weather Risk:

Wind Advisory in effect from March 9, 12:00pm until March 9, 7:00pm.

Hazards:

Fire Weather	3/9 Elevated
Grassland Fire Weather Index	Severe
Non Thunderstorm Winds	Elevated

Today's Outlook:

- Wind:** Strong, southwesterly winds between 25-35 mph will occur throughout the afternoon. Gusts between 40 and 50 mph are expected.
- Humidity:** Humidity will decrease throughout the day as dry air moves into the region.
- Impacts:** Any fires that develop can rapidly spread. Outdoor burning is not recommended today.

Threat Recommendations:

- Despite the morning's rain, the combination of gusty winds and decreasing humidity will result in significant fire weather conditions. While the ground can be wet, fires can still rapidly spread in grassy areas.
- Open burning is discouraged due to the significant fire risk.

Emergency Management Issues:

- OEM Monitoring "WxNet" (B-15) on Greene County 800 TRS as warranted.
- Follow OEM: Twitter @gcoem or Facebook/SpringfieldGreeneOEM

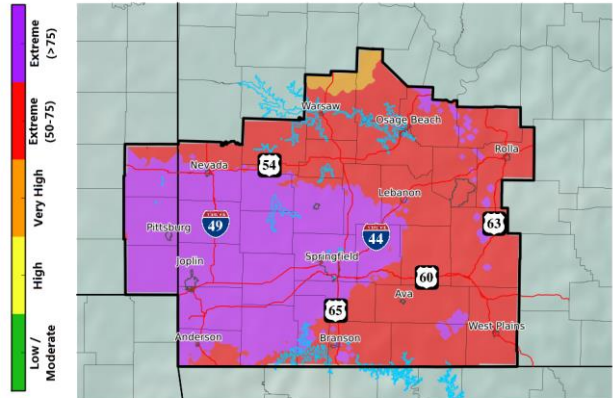

Fire Agency Information (Greene County):

Saturday, March 9 at 1200 hrs:

- Mixing Height: 3800 ft.
- Haines Index: 4
- Transport Wind: SW 55 mph
- Vent. Rate: 210,000 mph-ft.

Grassland Fire Danger Index (GFDI)
