stay aware, be prepared...

## SEVERE WEATHER HAZARD REPORT

Springfield-Greene County  
Office of Emergency Management

### Emergency Operations Center Partner Agencies

05/23/2019 – 0845

#### Watches/Warnings:

**Flood Warning** in effect until May 23, 10:30 AM.

**Flash Flood Warning** in effect until May 23, 11:30 AM.

#### Hazards:

	5/22
Severe Storms	Limited
Lightning	Significant
Flooding	Elevated
Tornado	None
Hail	Limited
Wind Gusts	Limited
Non T-Storm Wind	None

#### Discussion:

Storms will continue along and north of Hwy 60 this morning. Scattered storms will remain possible into this afternoon, mainly N of I-44. The tornado risk is decreasing across the area this morning; however, an isolated brief tornado may still be possible with any storms tracking along the front. Cloud to ground lightning is also possible. Flooding and flash flooding will remain possible this morning as storms continue to develop and move over already saturated areas.

#### Citizen Action Statement:

- Have a severe weather shelter plan! Review emergency kit and identify closest safe shelter.
- Have a way of receiving severe weather warnings (NOAA Weather Radio, social media, news media, etc.)
- Take shelter when lightning is in the area! *"When thunder roars...go indoors!"*
- Citizens with outdoor recreational plans along area rivers and streams should be alert for the potential for lightning strikes and rapidly rising water levels. *"Turn around...don't drown!"*

#### Emergency Management Issues:

- The Region D WebEOC Incident **2019-05-20 Regional Severe Weather and Flooding** is being utilized for this incident.
- Springfield-Greene County EOC is currently at **OpCon Level 3: Monitoring**
- OEM is monitoring "WxNet" (B-15) on Greene County 800 TRS
- All interested parties should continue to monitor the situation for forecast changes.
