# SEVERE WEATHER ALERT

stay aware, be prepared...

### Springfield-Greene County Office of Emergency Management

### Emergency Operations Center Partner Agencies 05/28/2019 – 1645

**Watches/Warnings:** *Flash Flood Watch* in effect from May 29, 12:00 AM until May 30, 7:00 AM.

Hazards:	5/28	5/29
Severe Storms	Elevated	Elevated
Lightning	Elevated	Elevated
Flooding	Limited	Limited
Tornado	Limited	Limited
Hail	Elevated	Elevated
Wind Gusts	Elevated	Elevated
Non T-Storm Wind	Limited	Limited

### Discussion:

Thunderstorms are expected to move through area this evening into tonight. Approximate timing for the Springfield area is 1:00 AM – 3:00 AM. Storm activity is expected to begin with discrete supercells and evolve into lines or segments. Cloud to ground lightning, heavy downpours, large hail up to 1.25 inches, damaging winds to 60 mph, and tornadoes are possible. Localized flooding will be possible this evening and tonight, especially where storms track over already saturated areas. **Confidence Level: Good for severe weather. Timing is in question.**

### Citizen Action Statement:

- Have a severe weather shelter plan! Review emergency kit and identify closest safe shelter.
- Have a way of receiving severe weather warnings (NOAA Weather Radio, social media, news media, etc.)
- Take shelter when lightning is in the area! *“When thunder roars...go indoors!”*
- Citizens with outdoor recreational plans along area rivers and streams should be alert for the potential for lightning strikes and rapidly rising water levels. *“Turn around...don’t drown!”*

### Emergency Management Issues:

- Springfield-Greene County EOC is currently at **OpCon Level 3: Monitoring**
- OEM is monitoring "WxNet" (B-15) on Greene County 800 TRS
- All interested parties should continue to monitor the situation for forecast changes.
- Follow OEM: Twitter @gcoem or Facebook/SpringfieldGreeneOEM
