SEVERE WEATHER ALERT

stay aware, be prepared...

SEVERE WEATHER HAZARD REPORT

Springfield-Greene County
Office of Emergency Management

Emergency Operations Center Partner Agencies

07/04/2019 – 1320

Watches/Warnings: *No Watches or Warnings*

<u>Hazards:</u>	<u>7/4</u>
Severe Storms	<i>Limited</i>
Lightning	<i>Limited</i>
Flooding	<i>Limited</i>
Wind Gusts	<i>Limited</i>

Discussion:

Isolated to scattered storms are expected this afternoon into tonight with the greatest coverage from this afternoon through early evening. A few storms may become strong to severe mainly along and north of I-44. Cloud to ground lightning and wind gusts to 60 mph are possible. Locally heavy rainfall may produce isolated flash flooding with storms capable of hourly rainfall rates in excess of 1 inch per hour.

Citizen Action Statement:

- Have a severe weather shelter plan! Review emergency kit and identify closest safe shelter.
- Have a way of receiving severe weather warnings (NOAA Weather Radio, social media, news media, etc.)
- Take shelter when lightning is in the area! *“When thunder roars...go indoors!”*
- Citizens with outdoor recreational plans along area rivers and streams should be alert for the potential for lightning strikes and rapidly rising water levels. *“Turn around...don’t drown!”*

Emergency Management Issues:

- OEM is monitoring "WxNet" (B-15) on Greene County 800 TRS
- Springfield-Greene County EOC is currently at **OpCon Level 3: Monitoring**
- All interested parties should continue to monitor the situation for forecast changes.
- Follow OEM: Twitter @gcoem or Facebook/SpringfieldGreeneOEM
