SEVERE WEATHER HAZARD REPORT

SEVERE WEATHER ALERT

stay aware, be prepared...

Springfield-Greene County
Office of Emergency Management

Emergency Operations Center Partner Agencies

08/21/2019 – 0815

Watches/Warnings: *No Watches or Warnings*

Hazards:	8/21
Severe Storms	Limited
Wind Gusts	Limited
Hail	Limited
Lightning	Limited

Discussion:

Thunderstorms will be possible over central Missouri this morning and across much of the area this afternoon and tonight as a cold front moves into the region. There will be a chance of some isolated severe storms with golf ball sized hail and damaging wind gusts in excess of 60 mph possible. In addition to the potential of severe storms, localized flooding will be possible with any storms moving across the same locations.

Citizen Action Statement:

- Have a severe weather shelter plan! Review emergency kit and identify closest safe shelter.
- Have a way of receiving severe weather warnings (NOAA Weather Radio, social media, news media, etc.)
- Take shelter when lightning is in the area! *“When thunder roars...go indoors!”*
- Citizens with outdoor recreational plans along area rivers and streams should be alert for the potential for lightning strikes and rapidly rising water levels. *“Turn around...don’t drown!”*

Emergency Management Issues:

- OEM is monitoring "WxNet" (B-15) on Greene County 800 TRS
- Springfield-Greene County EOC is currently at **OpCon Level 3: Monitoring**
- All interested parties should continue to monitor the situation for forecast changes.
- Follow OEM: Twitter @gcoem or Facebook/SpringfieldGreeneOEM
