stay aware, be prepared...

## SEVERE WEATHER HAZARD REPORT

Springfield-Greene County Office of Emergency Management

**Emergency Operations Center Partner Agencies**  
08/25/2019 – 0715

**Watches/Warnings:** *No Watches or Warnings*

Hazards	8/25	8/26
Severe Storms	Limited	Limited
Lightning	Elevated	Elevated
Flooding	Limited	
Wind Gusts	Limited	

### Discussion:

**8/25:** An isolated strong to severe storm may be able to produce damaging winds up to 60 mph as a complex of showers and thunderstorms moves through the region this morning. Additional showers and storms may develop through the day. An isolated strong to severe storm is possible if enough instability can develop. Heavy rainfall may lead to isolated flooding. **8/26:** A strong cold front will move through the area Monday night with a risk for strong to severe storms.

### Citizen Action Statement:

- Have a severe weather shelter plan! Review emergency kit and identify closest safe shelter.
- Have a way of receiving severe weather warnings (NOAA Weather Radio, social media, news media, etc.)
- Take shelter when lightning is in the area! *“When thunder roars...go indoors!”*
- Citizens with outdoor recreational plans along area rivers and streams should be alert for the potential for lightning strikes and rapidly rising water levels. *“Turn around...don’t drown!”*

### Emergency Management Issues:

- OEM is monitoring "WxNet" (B-15) on Greene County 800 TRS
- Springfield-Greene County EOC is currently at **OpCon Level 3: Monitoring.**
- All interested parties should continue to monitor the situation for forecast changes.
- Follow OEM: Twitter @gcoem or Facebook/SpringfieldGreeneOEM
