SEVERE WEATHER ALERT

stay aware, be prepared...

SEVERE WEATHER HAZARD REPORT

Springfield-Greene County Office of Emergency Management

Emergency Operations Center Partner Agencies
09/12/2019 – 0900

Watches/Warnings: *No Watches or Warnings*

Hazards	9/12
Severe Storms	Limited
Lightning	Elevated
Wind Gusts	Limited

Discussion:

Thunderstorms are expected during the afternoon and evening hours today with a cold front moving into the area. A limited risk for severe storms is expected as the front moves into the western portions of the outlook area. Damaging winds to 60 mph, 1-inch hail, and heavy downpours are possible.

Citizen Action Statement:

- Have a severe weather shelter plan! Review emergency kit and identify closest safe shelter.
- Have a way of receiving severe weather warnings (NOAA Weather Radio, social media, news media, etc.)
- Take shelter when lightning is in the area! *“When thunder roars...go indoors!”*
- Citizens with outdoor recreational plans along area rivers and streams should be alert for the potential for lightning strikes and rapidly rising water levels. *“Turn around...don’t drown!”*

Emergency Management Issues:

- OEM is monitoring "WxNet" (B-15) on Greene County 800 TRS
- Springfield-Greene County EOC is currently at **OpCon Level 3: Monitoring.**
- All interested parties should continue to monitor the situation for forecast changes.
- Follow OEM: Twitter @gcoem or Facebook/SpringfieldGreeneOEM
