SEVERE WEATHER HAZARD REPORT

SEVERE WEATHER ALERT

stay aware, be prepared...

Springfield-Greene County Office of Emergency Management

Emergency Operations Center Partner Agencies
09/22/2019 – 1110

Watches/Warnings: *No Watches or Warnings*

Hazards	9/22
Hail	Limited
Wind Gusts	Limited
Severe Storms	Limited
Lightning	Significant
Flooding	Limited

Discussion:

The potential for heavy rain and thunderstorms will peak between 12pm and 8pm today. While the storms will primarily impact areas to the northwest, heavy rainfall up to 1.25 inches and localized flash flooding are possible in Greene County. Some severe storms may produce large hail up to the size of quarters and 60 mph damaging winds across the area. Cloud-to-ground lightning is also possible.

Citizen Action Statement:

- Have a severe weather shelter plan! Review emergency kit and identify closest safe shelter.
- Have a way of receiving severe weather warnings (NOAA Weather Radio, social media, news media, etc.)
- Take shelter when lightning is in the area! *"When thunder roars...go indoors!"*
- Citizens with outdoor recreational plans along area rivers and streams should be alert for the potential for lightning strikes and rapidly rising water levels. *"Turn around...don't drown!"*

Emergency Management Issues:

- OEM is monitoring "WxNet" (B-15) on Greene County 800 TRS
- Springfield-Greene County EOC is currently at **OpCon Level 3: Monitoring.**
- All interested parties should continue to monitor the situation for forecast changes.
- Follow OEM: Twitter @gcoem or Facebook/SpringfieldGreeneOEM
