SEVERE WEATHER HAZARD REPORT

SEVERE WEATHER ALERT

stay aware, be prepared...

Springfield-Greene County Office of Emergency Management

Emergency Operations Center Partner Agencies
09/25/2019 – 1500

Watches/Warnings: *No Watches or Warnings*

Hazards	9/25
Severe Storms	Limited
Lightning	Significant
Wind Gusts	Limited
Hail	Limited
Flooding	Limited

Discussion:

Showers and thunderstorms are possible this afternoon into early this evening. Additional storms are expected later this evening into the overnight hours. A few strong to severe storms are possible, especially south of I-44. Potential hazards include frequent cloud-to-ground lightning, damaging winds in excess of 60 mph, and 1-inch hail. Heavy rainfall rates may lead to isolated flooding tonight.

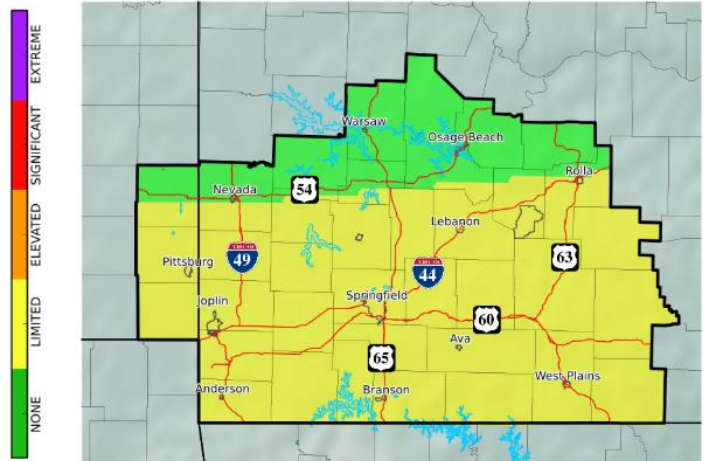

Citizen Action Statement:

- Have a severe weather shelter plan! Review emergency kit and identify closest safe shelter.
- Have a way of receiving severe weather warnings (NOAA Weather Radio, social media, news media, etc.)
- Take shelter when lightning is in the area! *“When thunder roars...go indoors!”*
- Citizens with outdoor recreational plans along area rivers and streams should be alert for the potential for lightning strikes and rapidly rising water levels. *“Turn around...don’t drown!”*

Emergency Management Issues:

- **SGF radar is down for maintenance. Alternate sites: KEAX Kansas City, KINX Tulsa, KSRX Ft. Smith.**
- OEM is monitoring "WxNet" (B-15) on Greene County 800 TRS
- Springfield-Greene County EOC is currently at **OpCon Level 3: Monitoring**
- All interested parties should continue to monitor the situation for forecast changes.
