## SEVERE WEATHER HAZARD REPORT

# SEVERE WEATHER ALERT

stay aware, be prepared...

### Springfield-Greene County Office of Emergency Management

**Emergency Operations Center Partner Agencies**  
10/10/2019 – 0820

**Watches/Warnings:** *No Watches or Warnings*

Hazards	10/10
Severe Storms	<i>Elevated</i>
Hail	<i>Elevated</i>
Lightning	<i>Significant</i>
Wind Gusts	<i>Elevated</i>
Flooding	<i>Limited</i>
Tornado	<i>Limited</i>

### Discussion:

Gusty winds and 1-inch hail are possible with isolated stronger storms this morning. Strong to severe storms are possible from approximately 3:00 PM to 11:00 PM, with the most intense activity expected between 5:00 PM and 10:00 PM. Large hail, damaging winds, and a limited risk for tornadoes are possible. Periods of heavy rainfall are also possible leading to a limited flash flood risk. Some areas could see general wind gusts of 30-35 mph outside of thunderstorms. **Spotter activation may be needed today.**

### Citizen Action Statement:

- Have a severe weather shelter plan! Review emergency kit and identify closest safe shelter.
- Have a way of receiving severe weather warnings (NOAA Weather Radio, social media, news media, etc.)
- Take shelter when lightning is in the area! *"When thunder roars...go indoors!"*
- Citizens with outdoor recreational plans along area rivers and streams should be alert for the potential for lightning strikes and rapidly rising water levels. *"Turn around...don't drown!"*

### Emergency Management Issues:

- OEM is monitoring "WxNet" (B-15) on Greene County 800 TRS
- Springfield-Greene County EOC is currently at **OpCon Level 3: Monitoring**
- All interested parties should continue to monitor the situation for forecast changes.
- Follow OEM: Twitter @gcoem or Facebook/SpringfieldGreeneOEM
