I, the undersigned, have received a copy or instructions on how to access the Greene County Personnel Policy Manual and understand the guidelines set forth therein. I understand and agree that this revised version of the Greene County Personnel Manual supersedes all prior versions that have been issued by any county elected official and that it will be effective as of June 05, 2013. I understand that Greene County reserves the right to modify this manual or amend or terminate any policies, procedures or employee benefits at any time.

I further understand that no county elected official, department administrator, manager or representative of Greene County has the authority to enter into any agreement guaranteeing employment for any specified period of time. Compensatory Time Agreement - Applicable to FLSA Non-Exempt Employees*

In accordance with the Fair Labor Standards Act (FLSA), Greene County has a policy of granting employees, who are covered by the overtime provisions of the FLSA, compensatory time off in lieu of compensation for hours worked in excess of 40 hours in a work week. I, the undersigned, have received a copy of the Overtime and Compensatory Time policy provided in the Greene County Personnel Policy Manual revised June 05, 2013.

I understand that the compensatory time will be granted at a rate of time and one-half for all hours worked in excess of 40 hours per week for nonexempt employees, or other permissible work periods for law enforcement personnel. For the purpose of computing overtime, only actual working time will be considered in the computation of the 40 work hours and paid absences, such as vacation, compensatory time off, holidays, sick leave, funeral leave and jury duty, will not be considered as time worked. I further understand that the compensatory time may be limited, used or paid out consistent with the provisions of county policy and the provisions of the FLSA. The work week used to calculate compensatory time for county employees begins on Sunday at 12:01 a.m. and ends on the following Saturday at midnight unless otherwise specified in writing by my department's administrator or elected official.

I knowingly agree to the provision of time off as compensation for overtime work as a condition of my employment and consent to the use of compensatory time in accordance with county policy. I further understand that in the event any portion of this policy is interpreted to conflict with the FLSA that the conflicting portion shall be struck and the remainder of the policy shall continue in full force and effect.

Similarly, Greene County, or any elected county official thereof, may terminate the employment relationship at will at any time, for any reason, with or without cause or notice.

Policies set forth in this manual are not intended to create a contract, expressed or implied, guaranteeing employment for a specific duration, nor are they to be construed to constitute contractual obligations of any kind or a contract of employment between Greene County and any of its elected county officials and any of their employees. The provisions of this manual have been developed at the discretion and approval of county elected officials and ratified by the County Commission.

**Prosecuting Attorney employees should also consult the Department Supplement manual for more details regarding the nature of employment applicable to their department.*

**Sheriff's Office employees should also consult the Sheriff's Office Policy and Procedure manual for more details regarding the nature of employment applicable to their department.*

Section 3 - 2: Open Communications

Greene County elected officials believe that when employees deal openly and directly with supervisors, the work environment can be excellent, communications can be clear, and attitudes can be positive. Therefore, employees are strongly encouraged to voice concerns openly and directly to their supervisors to resolve any misunderstandings or conflicts before serious problems develop. If a situation persists that an employee believes is detrimental to them or to the county, they should discuss it with their immediate supervisor, department administrator or elected official in order to work out a satisfactory solution to the problem.

Section 3 - 3: Equal Employment Opportunity

Greene County and its elected officials provide equal employment opportunities to all employees and applicants for employment without regard to race, color, religion, sex, national origin, age, disability, or any other characteristic protected by law in accordance with applicable federal and state laws. This policy applies to all terms and conditions of employment, including, but not limited to: hiring, placement, promotion, termination, layoff, recall, transfer, leaves of absence, compensation, and training.

Section 3 - 4: Sexual and Other Unlawful Harassment**Policy Statement**

Greene County and its elected officials are committed to providing a work environment that is free from all forms of discrimination, including freedom from sexual harassment. Actions, words, jokes, or comments based on an individual's sex, race, color, national origin, age, religion, disability or any other legally protected characteristic will not be tolerated.

It is against the policy of Greene County for any employee to sexually harass another employee by:

1. Making acceptance of unwelcome sexual advances or requests for sexual favors or other verbal or physical conduct of a sexual nature a condition of continued employment;
2. Making submission to or rejection of such conduct the basis for employment decisions affecting the employee; or

Adoption Date: January 1, 1997

3. Creating an intimidating, hostile, or offensive working environment by such conduct.

Responsibility

Each elected official and member of management is responsible for creating an atmosphere free of discrimination and harassment, sexual or otherwise. Further, employees are responsible for respecting the rights of their co-workers. Any supervisor who becomes aware of possible sexual or other unlawful harassment must promptly advise their elected official, department administrator or the human resources director.

Complaint Procedure

Greene County's elected officials will act positively to investigate alleged sexual or other unlawful harassment claims and to effectively remedy them when an allegation is determined to be valid. The following complaint procedure should be followed if an employee experiences any job-related harassment based on sex, race, color, age, religion, national origin, or disability, or believe that they have been treated in an unlawful, discriminatory manner. Any complaint will be kept confidential to the maximum extent possible.

1. The employee should report any incident to their supervisor who will investigate the matter and take appropriate action, including reporting it to the next level of management or their elected official or department administrator.
2. If the employee believes it would be inappropriate to discuss the matter with their supervisor, they may bypass their supervisor and report it to the next level of management, their elected official, department administrator or the human resources director, who will undertake an investigation.
3. If the employee believes that an investigation is not being conducted or has been conducted improperly, they should contact the human resources director.

Consequences of Harassment

Sexual or other unlawful harassment is a form of employee misconduct that is demeaning to another person, undermines the integrity of the employment relationship, and is strictly prohibited. If it is determined that an employee is guilty of harassing another individual, appropriate disciplinary action will be taken against the offending employee by their elected official or department administrator, up to and including termination of employment.

Any form of retaliation against any employee for filing a bona fide complaint under this policy or for assisting in a complaint investigation is strictly prohibited. However, if after investigating any complaint of harassment or unlawful discrimination, it is determined that the complaint is not bona fide or that an employee has provided false information regarding the complaint, disciplinary action may be taken against the individual who filed the complaint or who gave the false information.

Section 3 - 5: Non-Discrimination on the Basis of Disability**Policy Statement**

Greene County complies with the Americans with Disabilities Act (ADA) and does not discriminate against qualified individuals with disabilities in regard to job application procedures, hiring or discharge of employees, employee compensation, advancement, job training, and other terms, conditions, and privileges of employment. No qualified individual with a disability will, by reason of such disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination in county employment programs or activities.

Adoption Date: January 1, 1997

Current Version: July 2025

Individual policies revised at discretion of county commission

Reasonable Accommodation

Greene County will make reasonable accommodations for qualified individuals with known disabilities unless doing so would result in an undue hardship. Qualified individuals with disabilities may make requests for reasonable accommodation to their elected official, department administrator or the human resources director.

Designation of Individual to Coordinate Employment Compliance

The County Commission has designated the human resources director to coordinate employment compliance under the ADA and investigate ADA related discrimination complaints.

ADA Employment Grievance Procedure

- A. A complaint should be filed in writing with the human resources director and should contain the name and address of the person filing it, and briefly describe the alleged violation of the regulations.
- B. A complaint should be filed within 30 calendar days after the complainant becomes aware of the alleged violation.
- C. An investigation, as may be appropriate, will follow a filing of a complaint and will be conducted by the human resources director. These rules contemplate informal but thorough investigations, affording all interested persons and their representatives, if any, an opportunity to submit evidence relevant to a complaint.
- D. A written determination as to the validity of the complaint and a description of the resolution, if any, will be issued by the human resources director and a copy forwarded to the complainant no later than fifteen (15) working days after its filing. The human resources department will maintain the date, file and records of Greene County relating to the complaints filed.
- E. The right of a person to a prompt and equitable resolution of the complaint filed hereunder will not be impaired by the person's pursuit of other remedies such as the filing of an ADA complaint with the responsible federal department or agency. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies.

These rules will be construed to protect the substantive rights of interested persons to meet appropriate due process standards, and to assure that Greene County complies with the ADA and implementing regulations.

Section 3 - 6: Immigration Law Compliance

Greene County employs only United States citizens and aliens who are authorized to work in the United States and does not unlawfully discriminate on the basis of citizenship or national origin. In compliance with the Immigration Reform and Control Act of 1986, each new employee, as a condition of employment, may undergo E-Verify and the Employment Eligibility Verification Form I-9 and present documentation establishing identity and employment eligibility to the Human Resources Department, prior to beginning their first day of employment. Former employees who are rehired must also complete the form if they have not completed an I-9 with Greene County within the past three (3) years, or if their previous I-9 is no longer retained or valid.

Section 3 - 7: Employment of Relatives

Adoption Date: January 1, 1997
Current Version: July 2025
Individual policies revised at discretion of county commission

Elected officials and department administrators will exercise sound judgment in the placement of related employees in accordance with Article VII, Section 6 of the Missouri Constitution and the following guidelines:

- A. A county employee may not appoint or promote any person over which the employee exercises jurisdiction or control who is a member of the immediate family of the employee. That is, no employee is permitted to work within the "chain of command" of a relative such that one relative's work responsibilities, salary or career progress could be influenced by the other relative.
- B. No relatives are permitted to work in the same department (i.e., division, section, unit, etc.) or in any other positions in which an inherent conflict of interest may exist.
- C. If a relative relationship is established after appointment in which there is a coworker or supervisor- subordinate relationship, the appropriate elected official or department administrator will determine if a conflict or potential conflict may arise and if it is necessary to transfer one of the employees.
- D. For purposes of this policy, "family member or relative" is a spouse, child, parent, sibling, grandparent, grandchild, aunt, uncle, first cousin, or corresponding in-law or "step" relation and individuals who are not legally related but who reside with another employee. This policy applies to all categories of employment, including full-time, part-time and temporary classifications.
- E. Employees and their close friends or significant others may also be assigned to positions that create a coworker or supervisor-subordinate relationship. Elected officials and department administrators will, in their discretion, exercise sound judgment with respect to the placement of these employees in these situations in order to avoid the creation of a conflict or the appearance of a conflict of interest, avoid favoritism or the appearance of favoritism, and decrease the likelihood of sexual harassment in the workplace.

Section 3 - 8: Personal and Business Relationships Among Employees

Purpose and Scope

The purpose of this policy is to ensure effective supervision, safety, security, performance, assignments and discipline while maintaining positive morale by avoiding actual or perceived favoritism, discrimination, or other actual or potential conflicts of interest by or between employees. These employment practices include: recruiting, testing, hiring, compensation, assignment, use of facilities, access to training opportunities, supervision, performance appraisal, discipline, and workplace safety and security.

Objective

Greene County believes that a work environment where employees maintain clear boundaries between employee personal and business interactions is necessary for effective operations. Although this policy does not prevent the development of friendships or personal relationships between co-workers, it does establish boundaries as to how relationships are conducted during working hours and within the working environment.

Individuals in supervisory or managerial roles, and those with authority over others' terms and

Adoption Date: January 1, 1997

Current Version: July 2025

Individual policies revised at discretion of county commission

conditions of employment, are subject to more stringent requirements under this policy due to their status as role models, their access to sensitive information, and their ability to affect the employment of individuals in subordinate positions.

This policy does not preclude or interfere with the rights of employees protected by the National Labor Relations Act or any other applicable statute concerning the employment relationship.

Definitions

- **Business relationship** - Prohibited relationships are on-going business or financial relationships between supervisors and subordinates, such as entering into a landlord-tenant relationship, lending money, and sales where money is paid back over time. One-time transactions, such as the sale of an automobile or a piece of furniture, may be allowed, but only after the supervisor involved in the pending transaction receives written approval from the Human Resources Director (email is sufficient).
- **Conflict of interest** - Any actual, perceived, or potential conflict of interest in which it reasonably appears that an employee's action, inaction or decisions are or may be influenced by a personal or business relationship between employees.
- **Inappropriate relationship** – Personal or business relationships between persons in inherently unequal positions where one party has real or perceived authority, influence, or power over the other's conditions of employment or has the ability to directly impact the other's career progression, which includes formal and informal supervisory relationships. Such relationships are prohibited if they have an actual, perceived, or potential for perceived influence over the professional relationship or workplace.
- **Personal relationship** - Includes marriage, cohabitation, dating, sexual or any other intimate relationship between employees beyond mere friendship or the appearance thereof.
- **Public official** - A supervisor, officer, or employee who is vested with authority by law, rule, or regulation, or to whom authority has been delegated.
- **Subordinate** - An employee who is subject to the temporary or ongoing direct or indirect authority of a supervisor.
- **Supervisor** - An employee who has temporary or ongoing direct or indirect authority over the actions, decisions, evaluation, and/or performance of a subordinate employee in their professional roles.

Employee Conduct

1. During working time and in working areas at all times, employees are expected to conduct themselves in an appropriate workplace manner that does not interfere with others or with overall productivity.
2. During nonworking time, such as lunches, breaks, and before and after work periods, employees engaging in personal exchanges in nonwork areas (for example break rooms) should observe an appropriate workplace manner to avoid offending other workers or putting others in an uncomfortable position.

Adoption Date: January 1, 1997

Current Version: July 2025

Individual policies revised at discretion of county commission

3. Employees are strictly prohibited from engaging in physical contact that would in any way be deemed inappropriate in the workplace by a reasonable person while anywhere on county premises, whether during working hours or not.
4. Employee off-duty conduct is generally regarded as private, as long as such conduct does not create problems within the workplace. Exceptions to this principle, however, are personal and business relationships between supervisors and subordinates, which is prohibited and must be disclosed.
5. Employees who allow personal relationships with co-workers to adversely affect the work environment will be subject to Greene County's disciplinary policy, including counseling for minor problems. Failure to change behavior and maintain expected work responsibilities is viewed as a serious disciplinary matter.
6. Employees shall conduct themselves during work time and during non-work time in accordance with Greene County sexual harassment policy set forth in the Employee Personnel Manual.
7. Prosecuting Attorney, Sheriff, Courts, and Juvenile Office.
 - a. To avoid actual or perceived conflicts of interest, employees of the Prosecuting Attorney, Sheriff, Courts, or Juvenile Office shall refrain from developing or maintaining personal or business relationships with victims, witnesses, or other individuals during the course of, or as a direct result of, any official contact.
 - b. Except as required in the performance of official duties or in the case of immediate relatives, employees shall not develop or maintain personal or business relationships with any individual they know or reasonably should know is under criminal investigation, or is a convicted felon, parolee, fugitive, registered offender or who engages in intentional violations of state or federal laws.

Procedures

1. Notification of Relationships

Any department head, supervisor, manager, executive, attorney, or other public official must disclose the existence of a personal or business relationship with another co-worker in the same county office or county department. Disclosure may be made to the individual's immediate supervisor or the director of human resources (HR). The elected office holder or department head will review the circumstances to determine whether any conflict of interest or potential risk to the organization exists. Failure to disclose a relationship in violation of this policy may be deemed insubordination and result in disciplinary action up to and including termination.

2. Supervisor Responsibilities

Upon being notified of or becoming aware of any circumstance that could result in or constitute an actual or potential violation of this policy, a supervisor shall take all reasonable steps to mitigate or avoid such violations whenever reasonably possible. Supervisors shall also promptly notify the Office Holder or Department Head of such actual or potential violations.

3. Conflict Resolution.

a. When a conflict-of-interest or appearance of a conflict is identified due to an employee's personal or business relationship with a co-worker, the Office Holder or Department Head will work with the parties involved to consider options for resolving the problem. The initial solution may be to make sure the parties no longer work together on matters where one is able to influence the other or take action for the other. Matters such as hiring, training, firing, promotions, performance management, compensation decisions and financial transactions are examples of situations that may require reallocation of duties to avoid any actual or perceived reward or disadvantage. In some cases, other measures may be necessary, such as transfer of one or both parties to other positions or departments. A transfer will only be an option if an open position exists and the transferring party is qualified for the position. If one or both parties refuse to accept a reasonable solution, such refusal will be deemed a voluntary resignation.

b. Failure to cooperate with the Office Holder or Department Head to resolve a conflict or problem caused by a personal or business relationship between co-workers or among managers, supervisors or others in positions of authority may be deemed insubordination and result in disciplinary action up to and including termination.

Miscellaneous Provisions

1. The provisions of this policy apply regardless of the sexual orientation of the parties involved.
2. Where doubts exist as to the specific meaning of the terms used above, employees should make judgments based on the overall spirit and intent of this policy.
3. Any concerns about the administration of this policy should be addressed to the Office Holder, Department Head, or Human Resources Director.

**Sheriff's Office employees should consult the Sheriff's Office Policy and Procedure Manual for more details regarding Nepotism and Employment Conflicts applicable to their department.*

Section 3 - 9: Outside Employment

The following general provisions apply to all Greene County employees covered by these policies:

- A. All employees will be judged by the same performance standards and will be subject to the county's scheduling demands, regardless of any existing outside work requirements.
- B. Employees will inform their elected official or department administrator prior to acceptance of any outside employment. If an elected official or department administrator determines that an employee's outside work interferes with performance or the ability to meet the requirements of the county as they are modified from time to time, the employee may be asked to terminate the outside employment if they wish to retain their employment with Greene County.

Section 3 - 10: Conflict of Interest

Employees have an obligation to conduct business within guidelines that prohibit actual or potential conflicts of interest. An actual or potential conflict of interest occurs when an employee is in a position to influence a decision that may result in personal gain for that employee or for a relative as a result of the county's business dealings. The purpose of these guidelines is to provide general direction so that employees can seek further clarification on issues related to the subject of acceptable standards of operation

Section 3 – 11: Emergency Declared

When a disaster, emergency or other unforeseen event occurs that requires affected exempt and non-exempt employees to work overtime hours, the County Commission, in its sole discretion provided county funds are available, may allow affected employees to receive payment for overtime worked exclusively during the event in excess of 40 hours. Pay for exempt employees will be based on hourly salary calculated from their current annual salary wage during the defined period of the disaster response and/or recovery period. In order for the event to be considered for overtime cash payment, it must concern safety, health, emergency services, or other unforeseen events.

The elected official or department administrator of the affected department(s) will be required to submit a written request for the payment of the overtime to the County Commission. In determining if payment of overtime is necessary, the County Commission will consider the following: the functions

of the department, the hardship that the additional compensatory time poses on the department, and the activation level of the Emergency Operations Center if activated for requested event.

Section 3 – 12: Building Access Cards

In order to provide as much protection as possible for the security of our employees, as well as our property, Building Access Cards will be determined by your individual office and through the Campus Security Policy Committee. Loss of your building access card **MUST** be reported to your supervisor as soon as the loss is discovered. Employees will be charged an appropriate fee for the replacement of any lost Building Access Card. If a Building Access Card is found please contact your supervisor to turn the card in. Upon leaving employment with Greene County for any reason, Building Access Cards must be returned to your supervisor prior to final pay processing.

Section 3 – 13: Tobacco Free Campus

Tobacco use is a significant risk factor that impacts employee wellness, absenteeism, and health insurance costs. To encourage better health for our employees, tobacco use will no longer be allowed on the Greene County Campus, and designated smoking areas will no longer be available. This policy covers any tobacco product and applies to both employees and non-employee visitors of Greene County.

Tobacco use will be strictly prohibited within the entire campus of Greene County and all Greene County vehicles. This includes the prohibition of smoking in privately-owned vehicles parked on county property.

- A.** This policy applies to all employees, contractors, and visitors.
- B.** Tobacco use will not be allowed on any paid break time.

Procedure

- A.** Signs will be posted on the Greene County Campus and in all county-owned vehicles.
- B.** Any violation of this policy will result in verbal warning and a second violation will be handled through standard disciplinary procedures.

Section 3 – 14: Fitness for Duty

The County Commission believes that its responsibility is to assure that all of its employees are fit for duty, physically and psychologically, in order to provide the highest level of services possible to the citizens of Greene County. The Fitness for Duty Policy is designed to provide fair and uniform standards for consistent application of the criteria of fitness for duty of employees with regard to alcohol/drug abuse, psychological/emotional disabilities, and/or physical disabilities. It is designed to protect the health and safety of the employee, coworkers, and the work equipment/environment.

Purpose

The purpose of this policy is to assist and accommodate employees in drug/alcohol, medical, physical, psychological/emotional problems, or a disability as defined by the Americans with Disabilities Act (ADA) which may affect the satisfactory performance of their job functions. Normal administrative and disciplinary procedures relating to unavailability for work or inability to perform satisfactorily will not be avoided. In the event an employee informs Greene County of reasonable accommodations he or she will need to perform the essential functions of his/her job, a designated ADA committee and/or County Administrator will consider the request and decide regarding the appropriate accommodations to make, if any. An employee is obligated to notify his or her immediate supervisor when reporting for duty or in the course of his or her work shift, if use of any drug,

Individual policies revised at discretion of county commission

alcohol, or other cause, may adversely affect his/her ability to satisfactorily perform the functions of the job (i.e., drowsiness, dizziness, blurred vision, etc.) It is the responsibility of the employee to cooperate with the requests of the county physician and/or the referral in an examination. Failure to cooperate is considered insubordination and a violation of the policy.

Alcohol and Drug Abuse/Rehabilitation

Greene County regards alcohol and drug abuse as illness, which can be treated. It was with this idea that the Employee Assistance Program (EAP) was instituted. The function of the EAP is not to administer treatment, but to encourage employees and their families to seek a diagnosis and to accept treatment from trained sources. Greene County recognizes that alcohol and drug abuse can cause attendance and work performance problems and it is hoped that through the use of the EAP these problems can be reduced and valued employees can be retained.

If an employee or an employee's department recognizes that drug or alcohol abuse is causing a problem in their lives, they are encouraged to use the EAP for referral assistance. The initial assessment services at some of the local agencies are free through our EAP or may be filed under Greene County's group medical insurance. Our medical plan covers some types of treatment costs. Any other expenses will be the responsibility of the employee.

All requests for information pertinent to available services, as well as any subsequent referral(s), will be held in the strictest confidence. No employee shall be jeopardized in job security or promotion solely because of involvement in the EAP program. For more information concerning the EAP, call Human Resources at extension 4116.

Rehabilitation for Chemical Dependency

The hazards of drug and alcohol use in the work place have been well documented. Employees under the influence of drugs and alcohol can cause serious personal injury and property damage. Recognizing this problem, Greene County has adopted drug and alcohol testing provisions for all employees in safety sensitive positions and/or whose job duties include operating a county motor vehicle.

Many Greene County employees are covered by Department of Transportation (DOT) drug and alcohol regulations. Employees covered by these regulations will also be subjected to the same prohibitions and testing requirements outlined for safety sensitive positions in Greene County. DOT employees will receive the DOT drug screen first. All non-DOT safety sensitive employees will receive a non-DOT drug screen.

An employee's refusal to take a drug test will result in his or her immediate termination.

This policy is not intended to limit Greene County's right to further discipline, up to and including discharge, an employee for improper or illegal conduct engaged in while under the influence of prohibited drugs and alcohol.

Physical and/or Psychological/Emotional Disabilities

Supervisors will be trained and required to refer an employee for a fitness-for-duty evaluation when it appears that there is reasonable doubt about the employee's ability to safely and properly perform normal work duties. When possible, the decision to refer the employee for a fitness-for-duty evaluation should be corroborated by at least two people, one being a supervisor. The supervisor must document the reasons for the referral, including specific performance/behavior relevant to the employee's inability to safely and properly perform his or her normal work duties.

Adoption Date: January 1, 1997

Current Version: July 2025

Individual policies revised at discretion of county commission

Confidentiality

The medical records of a fitness-for-duty evaluation will be filled out by the county's occupational medicine physician.

Fitness-for-Duty Procedures

The following are the steps and responsibilities for implementation of the fitness-for-duty policy:

- A.** If a supervisor observes or becomes aware of deterioration in an employee's performance or behavior, the supervisor is to document the observations or information. The documentation must be directly related to the employee's inability to perform his or her work duties in a safe, satisfactory manner. Possible observations may include, but are not limited to:

1. Absenteeism
2. Punctuality
3. Work habits
4. Carelessness
5. Accidents
6. Extreme nervousness
7. Drowsiness
8. Slurred/incoherent speech
9. Inability to concentrate
10. Lack of attention
11. Unusually aggressive behavior
12. Unexplained work errors
13. Unexplained changes in mood
14. Lack of manual dexterity
15. Lack of coordination in walking
16. Smell of alcohol on breath

(This list should not be considered to be all-inclusive)

- B.** If at all possible, a second supervisory employee or co-workers should witness and confirm any observed deterioration in the employee's performance or behavior. If an employee returns to work after hospitalization or a prolonged absence for health reasons, the supervisor and/or County Administrator may require the employee be examined by the designated county physician prior to allowing the employee to return to work.
- C.** The supervisor will meet with the employee in private to determine the need for a fitness-for-duty evaluation.
- D.** If the supervisor determines that the fitness-for-duty evaluation is needed, he or she will notify the Human Resources Department.
- E.** If the supervisor determines that fitness-for-duty evaluation is not necessary, the supervisor may, upon his/her discretion, offer the EAP information to the employee.
- F.** If the employee is recommended for a fitness-for-duty evaluation, the Director of Human Resources will coordinate with the supervisor to take the employee to the county physician for the fitness-for-duty evaluation. The evaluation will include such elements of a general physical

examination and other specific testing/lab procedures deemed medically appropriate. The evaluation shall be at the county's expense and take place on the employees paid work time.

- G. Under no circumstances is an employee who is sent home as unfit to work to be allowed to drive him or herself. (A person who is unfit to work is unfit to drive). The designated county physician and/or, when appropriate, the referred physician, will determine if the employee is "fit for duty" and able to return to work, or "unfit for duty." The results of the fitness-for-duty examination will be shared with the employee.
- H. If the employee is determined to be fit for duty, the designated county physician or EAP professional will provide the employee with a written release to return to work without restrictions.
- I. If the County's designated physician or EAP professional determines the employee to be unfit for duty for reasons of physical illness, mental illness, or other impairment, the county physician or EAP professional will send the employee home and refer him or her for medical care as indicated below:
 - 1. In cases that are not covered under workers' compensation, offer the employee a referral to his/her current physician; or
 - 2. Offer the employee a referral to an appropriate physician; or
 - 3. Offer the employee a referral to the EAP.

All referrals require the designated county physician to notify the Director of Human Resources that the employee has been sent home until released to return to work by the physician.

If it is confirmed that the employee needs EAP services and the employee refuses assistance, the employee will not be allowed to return to work until the employee obtains a release to return to work without restriction as provided under Paragraph 11 below. Failure to adhere to medical or psychological treatment as directed by the county physician may result in dismissal from employment.

- J. In order to return to work, a written release is required from the county's occupational medicine physician and/or the referred physician, if applicable, which states the employee may return to work without restriction, or states the type of reasonable accommodation necessary. The county's designated physician and Greene County will determine whether an accommodation will cause an undue hardship prior to the employee returning to work. If the county selected physician and/or referred physician's opinions on the employee's ability to return to work contradict, the employee may request that he or she be examined by a third physician who shall be selected by mutual agreement of the county selected physician and the employee's referring physician. The opinion of the third physician shall be the final decision and binding upon the County and employee. The cost of obtaining an opinion of a third physician shall be split equally between the county and the employee.

Section 3 – 15: Pandemic Declaration

Business continuity planning for the County industry requires preparing for the full range of threats. One threat is the possibility of a pandemic event. A pandemic is defined as a global outbreak when a new virus is able to be transmitted between humans resulting in serious illness and death worldwide. A pandemic event could impact a large percentage of the population and could last for several

Individual policies revised at discretion of county commission

weeks to a few months. Greene County recognizes the need to prepare for such an event to minimize its negative impact on both the County's employees and residents.

Purpose

The following procedures have been established in an effort to protect employees' health and safety while limiting the impact on services provided to Greene County residents.

General Provisions

This policy will be enacted when advised by the Springfield-Greene County Health Department that a pandemic is imminent or as directed by the Presiding Commissioner or Associate Commissioner. Each section of this policy may be implemented independently as directed by the Presiding Commissioner or Associate Commissioner.

Procedures**A. Workforce Deployment**

Each Greene County department and office shall identify its own workforce deployment plan (within its own department) in the event of a declared pandemic event; however, in the event that it is necessary to deploy employees to work in other areas of the County, the following will apply:

1. For the duration of a pandemic event, Greene County will commit to working together to ensure critical services are provided to residents. Critical services will be defined by the Commission based on criteria that includes timing, estimated duration, availability of vaccines, etc.
2. If a need is identified in a critical area of the County, qualified employees from any location or classification can be assigned to perform the necessary work during the pandemic event, regardless of seniority.
3. For the duration of the pandemic event, qualified management employees may also perform work to ensure critical services are provided to residents.
4. Supervisors need to consider exempt and non-exempt employee status when transferring employees.

B. Vaccinations

The Springfield-Greene County Health Department will provide and coordinate the available vaccines to Greene County employees. If a vaccine is available, the number of employees receiving the vaccine may be limited to the number of personnel required to maintain critical and essential services in the County.

Critical services are defined as those that are directly involved with daily public safety activities. The defined departments and offices of Greene County to provide critical services include the Sheriff's Office/Jail (approx. 400), Highway Department (approx. 115), and the Office of Emergency Management (10).

Essential services are defined as the minimum level of service necessary to maintain very basic County operations and public services. Based on available supply, all non-critical services areas will receive vaccine allotments to cover up to 50% of their current staffing (approx 150).

C. Travel

Essential work-related domestic travel by employees will be limited and must be approved by the Commission; nonessential work-related domestic travel will be eliminated for the duration of the pandemic event.

Based on the health risk to their families and co-workers, employees will be encouraged to limit personal travel.

Employees who have recently traveled to infested areas must advise Human Resources and must stay home for the designated incubation period. In addition, these employees must keep Human Resources updated of health status.

Upon the outbreak of a pandemic event, infected areas will be determined and a timeframe for employees to stay home after traveling to those areas will be defined.

D. Pandemic Leave Reports

Once it becomes apparent that a pandemic is likely to affect the region, Greene County Department Heads and Office Holders will work with the Human Resources Department to document employees on leave. The Pandemic Leave reports must include the employee's name and date(s) of absences. These reports need to be emailed to the Human Resources Department by 10:30 am each working day.

Employees who cannot report to work due to illness must call their supervisor to report their absence prior to the start of their shift (normal policies apply).

Employees who are ill will be sent home. If an employee is sent home due to illness, the supervisor must immediately report this to the Human Resources Department.

Greene County Public Information Officer (PIO) will be responsible for regular updates to all employees regarding pandemic status, community issues, advisors, etc.

E. Health Care Provider's Statement

During a declared pandemic, employees will not be expected to submit a health care provider's statement verifying illness or expected return to work dates as outlined in Chapter 10-6 in the policy manual. This will allow community health care facilities to utilize resources for the most critically effected population. Employees will be expected to follow their regular interdepartmental notification process to supervisors.

F. Social Distancing

Nonessential meetings will be eliminated for the duration of the pandemic event. Essential meetings will be limited and will be attended by the fewest possible employees. Precaution must be taken to avoid transmission of the virus by limiting frequency and types of face-to-face contact among employees and between employees and residents.

The following communication tools will be utilized to promote social distancing and decrease face-to-face contact with employees and residents:

1. **Voice Mail**-Employees are instructed to call in and check their message several times a day. (This is an important operating protocol for any virtual work team or individual.)

2. **Teleconferencing**-This is a useful tool for interactive communications with several members of a work team at the same time. It is easy to set up, and most employees have experience using it.
3. **Email**-This is an effective tool for communicating with many employees in almost any type of situation. One message can be easily and quickly distributed to hundreds of employees at the same time, regardless of their location. An up-to-date workgroup, departmental, or organizational group listing of email addresses should be developed and maintained. Email also can be used to direct employees to use other communication tools such as websites, hotlines, or voicemails.

Employees with High-Risk Exposure-Employees who have been exposed to household family members symptoms are strongly encouraged to implement all practical social distancing i.e., attendance to meetings, work place isolation, and sanitation practices.

G. Leave

Any employee who is absent from work due to his/her own illness or an illness of his/her spouse, child, or parent during a declared pandemic event must first charge all accumulated sick leave and then vacation leave, which could also qualify under the 12 weeks of FMLA.

In order to protect the healthy workforce, supervisors are encouraged to send home all employees that show symptoms.

H. Telework

If a pandemic event is declared, Greene County Department Heads and Office Holders will decide which employees can be assigned to telework in order to reduce additional exposure and to ensure continued service to its residents. Supervisors, or their designees, will be responsible for issuing all telework assignments. General responsibilities of supervisors and their teleworking employees are outlined below:

Supervisor or designee will ensure that prior to any pandemic declaration any employee who may be assigned telework has the proper signed policies, equipment, accesses, and connections in place for employees to telework.

1. Supervisor or designee must set parameters for regular communications with his/her employees via email, conference calls, video-conference, online meetings, etc.
2. In order to telework, employees must have already completed any necessary training required in order to perform their duties from their residences.
3. Employees' work hours will generally be on the honor system based on a set work schedule; however, hours can be tracked while the employee is logged into the computer system as well.
4. Employees will be required to comply with all Greene County policies even though they are performing work from their residences.
5. Employees will be covered by all federal, state, and local laws while working from their residences and on their approved work schedule. Greene County is not responsible for any injuries to family members, visitors, and others in the employee's residence while working.
6. Any overtime must be pre-approved by the employee's supervisor. Greene County overtime policy (in the Salary & Benefits Plan) for exempt and nonexempt employees will apply. Overtime as outlined in Greene County policies will apply to all hourly employees who telework.

Adoption Date: January 1, 1997

Current Version: July 2025

Individual policies revised at discretion of county commission

I. Personal Protective Practices

Employees should wash their hands with soap and water or use a hand sanitizer to cleanse their hands. Any tools or equipment such as hand tools, gas detectors, or other items that may have been in contact with the public should also be disinfected. It is recommended that employees follow these same procedures when working in the more controlled environments within Greene County facilities.

Employees who utilize shared equipment or workstations must use a disinfectant to wipe down the equipment and surfaces before and after each shift. Examples include: telephones, keyboards, pens/pencils, desk tops, hand-held work equipment, or a vehicle's steering wheel.

J. Symptom Questionnaire and Risk Assessment

If a pandemic event is declared, both the Springfield-Greene County Health Department and Centers for Disease Control websites will provide information regarding common symptoms and how to perform a risk assessment. Employees should consult these resources and follow the protocols stated to notify community health care facilities and seek treatment if necessary.

K. Face Coverings

County employees shall wear a face covering or mask in all public areas of County buildings during citizen contact and/or in any common or work space when social distancing of six (6) feet or greater is difficult to maintain. Employees of the County are not required to wear a mask or face covering at their individual work space if they can maintain social distance between themselves and other county employees or members of the public.

Public areas include, but are not limited to lobbies, elevators, stairwells, restrooms, public corridors, office counters, and offices.

The only persons exempt from the requirement to wear a face covering or mask are: (1) those who provide documentation that for health or medical reasons, they are unable to wear a face covering or mask; and (2) persons who are hearing impaired, or persons who are communicating with a person who is hearing impaired when the ability to see the mouth is essential for communication.

Section 3 - 16: Whistleblower Protection

Greene County is committed to promoting transparency, accountability, and integrity in all operations, including those funded by federal grants. This policy is intended to protect employees who report, in good faith, any suspected misconduct.

It is the responsibility of all employees to report violations or suspected violations of applicable federal, state, or local laws or regulations. Retaliation against any person who makes a protected disclosure is strictly prohibited. No employee shall be discharged, demoted, suspended, threatened, harassed, or otherwise discriminated against for disclosing information that the employee reasonably believes is evidence of gross mismanagement of a Federal contract or grant, a gross waste of Federal funds, an abuse of authority relating to a Federal contract or grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a Federal contract or grant.

Individuals are encouraged to report concerns to their supervisor, department head, Inspector General, Government Accountability Office, or elected official, unless that person is involved in the matter. Reports may also be directed to the Greene County Human Resources department.

Adoption Date: January 1, 1997

Current Version: July 2025

Individual policies revised at discretion of county commission

If retaliation is found, the agency will take appropriate action. Any employee who retaliates against someone who has reported a potential violation, in good faith, is subject to disciplinary actions, including discharge. Other remedies may include reinstatement and compensatory damages.

All disclosures will be treated as confidentially as possible, and the identity of the reporting individual will be protected to the extent permitted by law. However, knowingly making false or malicious allegations is not protected and may lead to disciplinary action.

The introductory period may be extended up to a maximum of 90 additional days if requested by the employee's supervisor and if approved by the appropriate elected official or the department administrator. Personnel files are the property of the county and will be maintained after termination of each employee. Medical information will be kept confidential in a separate location from the personnel file.

Section 5 – 4: Performance Evaluations

A. Purpose

The purpose of performance evaluations is to provide both supervisors and employees the opportunity to discuss job tasks, identify and correct weaknesses, encourage and recognize strengths, and discuss positive, purposeful approaches for meeting goals. These evaluations may be used in awarding promotions, pay increases, in determining if disciplinary action is necessary and may be considered in other employment decisions.

B. Responsibilities

Human Resources will maintain and ensure timely completion of employee performance evaluation forms for employees in departments under the direction of the County Commission and as designated by other county elected officials. Other elected officials who do not delegate this responsibility to Human Resources will develop procedures for their department to ensure timely completion and maintenance of performance evaluation forms.

C. Procedure

A performance evaluation form will be completed by the employee's supervisor and discussed with the employee. Each employee will be asked by their supervisor to sign the appraisal form after it has been discussed with them. Performance evaluations will become a part of an employee's confidential personnel file.

1. Introductory Employees

Formal performance evaluations will be conducted prior to the expiration of an employee's 90-day introductory period. Introductory employees must obtain an overall evaluation score of satisfactory or better to complete the introductory period. Failure to obtain an overall evaluation of satisfactory or better may result in dismissal or extension of the introductory period as provided in Section 5 - 1(a).

2. Promoted, Transferred, or Demoted Employees

3. Classified Employees

Additional formal performance evaluations will be conducted at least annually for an employee whose position has been classified according to the classification and compensation plan. The overall evaluation score will be used to determine if an employee qualifies for a pay increase within the range of their grade.

4. Confidentiality

A performance evaluation record will be made available upon request to the employee; elected official, department administrator or supervisor when needed in connection with a potential action for promotion, transfer, disciplinary action, or other relevant matter which requires such information; or to official investigatory agencies after a determination by the appropriate elected official or department administrator that such disclosure is in the public interest.

Section 6 – 1: The Classification and Compensation Plan

In order to establish fair and objective compensation practices, the Greene County Commission adopted a classification and compensation plan for all full-time positions.

A. Classification Plan

Using job analysis and evaluation techniques, each position has been placed in a pay grade based on assigned work duties and responsibilities. The classification plan will include the title, position number and pay grade for each position. Each title will have a position description or classification specification.

B. Reclassification Review Process

The process provided herein is the method for determining pay range assignment of reclassification actions involving substantial changes in the duties and responsibilities of an existing position. Substantial changes normally do not include utilization of new technologies or methods of work, changes in work load of an individual, or other minor changes in duties and responsibilities.

1. A request for reclassification review or reevaluation of a current position may be initiated by either a staff member or supervisor to their department administrator or officeholder.
2. If the employee's department administrator or officeholder agrees that the employee's position should be reviewed, the request must be submitted, in writing, by the department administrator or officeholder to the Human Resources Office by August 1 each year.
3. To be considered for review, the employee and the department administrator or officeholder must document that there have been substantial changes in existing duties since the most recent classification review. Duties changes may result from substantial, immediate reassignment of duties from reorganization or from a logical and gradual change of responsibilities over a period of time. Reclassification shall not be considered for temporary changes.
4. Requests that meet the required criteria will be submitted to Human Resources Director for reevaluation. The Human Resources Director may consult with a group of county stakeholders to determine appropriate reclassification status. Reclassification review may result in the grade of a position increasing or decreasing or it may result in a grade remaining the same.
5. The effective date for positions approved for reclassification will be set by the Greene County Commission.

C. Compensation Plan

The compensation plan is a step-based plan with a schedule of pay grades consisting of a salary range with a minimum and maximum rate of pay for each position or classification.

1. Hiring Rate of Pay

The starting rate for new employees will normally be the minimum rate of the pay grade. If budgeted funds are available, an appointing authority may offer higher than the minimum

Adoption Date: January 1, 1997

Current Version: July 2025

Individual policies revised at discretion of county commission

rate up to Step 4 of a pay grade if the candidate exceeds the experience, education, and/or licensure requirement for the position. Hiring rates above Step 4 of a pay grade require advance approval from the County Commission.

2. Advancement Within Salary Range

An employee may receive an annual pay increase to the next higher pay step within their grade. Annual step increases are contingent on the following factors:

- Budget approval by the County Commission;
- At least one (1) year of continuous service;
- The officeholder or department administrator certifies the employee has achieved the required level of performance and has recommended, in writing, advancement to the next higher rate;
- Increases that exceed the maximum rate for the grade will be approved during the annual budget process on a case-by-case basis.

3. Rate of Pay on Promotion

When an employee is promoted to position or classification in a next higher pay grade, the promoted employee will normally receive at least a five (5) percent increase to their current salary or the minimum of the new range, whichever is greater and typically two (2) percent for each grade after if promoted more than one grade. If budgeted funds are available, an appointing authority may offer higher pay only after receiving advanced approval from the County Commission.

4. Rate of Pay on Transfer

When an employee is transferred to a position or classification within the same pay grade, the salary rate of the transferring employee will remain unchanged.

5. Rate of Pay on Demotion

When an employee is demoted to a position or classification in a lower pay grade for disciplinary reasons, such as poor performance or work rule infractions, the demoted employee will normally receive a lower salary rate not to exceed the maximum of the lower pay grade. If the employee is demoted for non-disciplinary reasons, such as elimination of position, re-evaluation, or for voluntary reasons, the employee will be placed in the lower pay grade at the appropriate step as determined by the applicable officeholder and the human resources director.

D. Temporary Assignments to Higher Level Positions

Department administrators or officeholders may request approval from the County Commission to temporarily increase the pay of an employee, who is temporarily assigned all of the duties of a position in a higher pay grade, due to an extended leave of absence or as an interim replacement for the employee in the higher pay grade. To be eligible, the temporary assignment must be expected to last 30 days or more.

Section 6 – 2: Regular Pay Procedures**A. Payday**

All county employees will be paid on a biweekly basis (every other Friday) via direct deposit. Each direct deposit will include earnings for all work performed through the end of the previous payroll period.

B. Administrative Pay Corrections

Employees should review their paystubs regularly for errors. In the unlikely event that there is an error in the amount of pay or benefits, the employee should promptly bring the discrepancy to the attention of the department's designated payroll officer so that corrections may be made as quickly as possible.

C. Pay Deductions

The law requires that certain deductions be taken from every employee's compensation. Among these are applicable federal, state, and local income taxes. In addition to pay deductions required by law, eligible employees may voluntarily authorize deductions from their payroll to cover the costs of participation in authorized benefit programs. These deductions will be taken in equal amounts on the first and second payroll of the month. It is the responsibility of each employee to ensure the accuracy of all deductions. Some supplemental benefits may have to be deducted in every payroll.

D. Direct Deposit

An employee will have their net pay direct deposited into the financial institution of their choice, provided the institution is a participant in the Federal Reserve. Forms for direct deposit are available on the employee access link. An employee will be responsible for providing accurate information on the direct deposit form. All financial institution information changes must be submitted by Friday at 5:00 pm to the County Clerk's office the week prior to a pay date.

Section 6 – 3: Overtime and Compensatory Time

Effective July 9, 2000, non-exempt law enforcement personnel or 207(k) employees at will be covered by the provisions of Section 6 - 4. Overtime and Compensatory Time for Law Enforcement Personnel and the provisions of Section 6 - 3 will no longer apply to these employees. However, booking, clerical and other civilian personnel appointed by the Sheriff will continue to be covered by the provisions of Section 6 - 3. The link to view FLSA categories is <http://www.dol.gov/whd/regs/compliance/hrg.htm#8>

It is the responsibility of each supervisor to develop methods and procedures to maximize productivity and reduce or avoid the need for overtime. It is the responsibility of each employee to work as efficiently as possible to accomplish their job duties during regularly scheduled work hours. All overtime must be approved by the officeholder or department administrator in advance. A determining factor in the approval of overtime work is whether the work could be accomplished

Adoption Date: January 1, 1997
Current Version: July 2025
Individual policies revised at discretion of county commission

through rescheduling of employee work hours and allowance of time off in the same work period. These factors reduce the burden of overtime on employees and avoid accrual of excessive compensatory time. When operating requirements or other needs cannot be met during regular working hours, the following provisions will apply to employees who are required to work overtime hours.

A. Work Week Defined

The Fair Labor Standards Act (FLSA) establishes overtime requirements for employees who are covered by the Act. The FLSA requires that employers set a work week which will cover a fixed period of seven (7) consecutive days. The work week used to calculate FLSA compensatory time for county employees begins on Sunday at 12:01 a.m. and ends on the following Saturday at Midnight, unless otherwise specified in writing to employees by the department's elected official.

B. Compensatory Time Agreement

The Fair Labor Standards Act (FLSA) allows governmental employers to provide FLSA compensatory time (comp time) off in lieu of monetary overtime compensation. Non-exempt employees (refer to paragraph (d) FLSA Non-Exempt Positions) will earn FLSA comp time for all overtime worked in excess of 40 hours during a work week. Non-exempt employees may earn non-FLSA comp time or straight time for additional hours that do not qualify under the FLSA overtime provisions.

Any person appointed to a non-exempt county position will be informed of the requirement of this section (i.e., compensatory time in lieu of cash payment for overtime worked) and agreement is a condition of employment. All non-exempt employees will be required to sign the compensatory time agreement provided herein. The original of the signed agreement will be retained by the Human Resources Office and a duplicate copy will be retained in each employee's confidential personnel file.

C. FLSA Exempt Positions

Exempt employees generally fall into three (3) major categories as defined by the FLSA: executive, administrative, and professional. These employees are exempt from the overtime provisions of FLSA. All department administrators, directors, managers and specified administrative and professional positions will be paid on a salary basis as defined by FLSA and may not record compensatory time for hours worked in excess of 40 hours in a work week. However, exempt employees will be authorized to adjust their regular work week schedule (flex-schedule) to compensate for their varying work schedules.

D. FLSA Non-Exempt Positions

All other non-exempt positions will be provided the FLSA provisions for overtime compensation. All employees who have received prior approval for overtime, except for emergency situations, will receive FLSA compensatory time off at one and one-half times for all hours worked in excess of 40 hours in a work week. County policy does not consider any paid time (i.e., vacation, compensatory time, sick leave, holiday time, or other paid leave time) as hours worked. A non-exempt employee, who is required to work the day of a scheduled holiday, will earn non-FLSA compensatory time or straight time for the hours worked.

Adoption Date: January 1, 1997

Current Version: July 2025

Individual policies revised at discretion of county commission

E. Call-in Provision

In the event a non-exempt employee is called in to work prior to their normal reporting time and the work time is not connected to the beginning of their next regular work day, the employee will be credited with the hours actually worked or four (4) hours of straight time, whichever is longer.

F. Maximum Accumulation of FLSA Compensatory Time for Non-Exempt Employees

Most employees may accrue up to a total of 240 hours of FLSA compensatory time. Employees who work in public safety (e.g., law enforcement), emergency response activity (e.g., emergency management, dispatch) or seasonal activity (e.g., snow removal) may accumulate up to a total 480 hours of FLSA comp time. However, the maximum accumulation of FLSA comp time, which should be carried past July 1 and December 31 of each calendar year, is 60 hours. Any additional FLSA comp time above 60 hours should be utilized prior to the end of each six-month interval. It is the responsibility of the department administrator, manager or supervisor to ensure that the employee is given the opportunity to utilize earned accrued FLSA comp time. Employees are encouraged to utilize all compensatory time prior to the utilization of vacation leave.

**Highway Department employees should also consult the Highway's Department Policy and Procedure appendix for more details applicable to their department.*

G. Record keeping

All FLSA compensatory time and straight time will be recorded in the electronic timekeeping and/or payroll system.

H. Cash Payment of Overtime**1. Emergency Provisions**

When a disaster, emergency or other unforeseen event occurs that requires affected exempt and non-exempt employees to work overtime hours, the County Commission, in its sole discretion provided county funds are available, may allow affected employees to receive payment for overtime worked exclusively during the event in excess of 40 hours. In order for the event to be considered for overtime cash payment, it must concern safety, health, emergency services, or another unforeseen event.

The elected official or department administrator of the affected department(s) will be required to submit a written request for the payment of the overtime to the County Commission. In determining if payment of overtime is necessary, the County Commission will consider the following: the functions of the department; the hardship that the additional compensatory time poses on the department; and the activation level of the Emergency Operations center if activated for requested event. Each event will be determined on its own merit and on a case-by-case basis.

2. Transfer to Other County Departments

Employees transferring to other departments within the county will be compensated for any unused accumulated compensatory time at their previous rate of pay from the previous department's budget.

3. Final Check

Upon termination of employment, any employee who has accumulated compensatory time will be paid for unused time at their final regular rate of pay. Elected officials will be paid out at the time of position change.

Section 6 – 4: Overtime and Compensatory Time for Law Enforcement and Highway Personnel

**Sheriff's Office Nonexempt Law Enforcement Personnel or 207(k) Employees should consult the Sheriff's Office Policy and Procedure Manual for details regarding the overtime and compensatory time applicable to their department.*

Chapter 7: WORK SCHEDULES AND ATTENDANCE

Work Schedules

Sheriff Office Minimum Level Staff Requirements

Recording Work Hours

Attendance and Punctuality

Rest Periods

Meal Periods

Weather-Related Emergency Closings

Section 7 – 1: Work Schedules

Elected officials and department administrators will determine the work schedule for employees in their departments. Staffing needs and operational demands may necessitate variations in starting and ending times, as well as variations in the total hours that may be scheduled each day and week. Each supervisor will advise employees of the times their schedules will normally begin and end. The standard work schedule for all full-time employees is eight hours a day, five days a week. Permanent changes to the standard work schedule must be approved in advance by the department's elected official(s). Due to the nature of certain positions, exempt employees may adjust their normal work schedule to meet scheduling requirements.

Section 7 – 2: Sheriff Office Minimum Level Staff Requirements

**Sheriff's Office employees should consult the Sheriff's Office Policy and Procedure Manual for details regarding the minimum level staff requirements applicable to their department.*

Section 7 – 3: Recording Work Hours

Accurately recording time worked is the responsibility of every employee. Federal and state laws require Greene County to keep an accurate record of time worked in order to calculate employee pay and benefits. Time worked is all the time actually spent on the job performing assigned duties.

It is the employee's responsibility to verify their time record to certify the accuracy of all time recorded. The supervisor will review and verify the time record before submitting it for payroll processing. If corrections or modifications are made to the time record, both the employee and the supervisor must verify the accuracy of the changes. Falsifying a time record is a breach of county policy and is grounds for disciplinary action, up to and including termination of employment.

Section 7 – 4: Attendance and Punctuality

Regular attendance and punctuality are expected of all county employees. Absenteeism and tardiness place a burden on other employees and may delay citizens in the transaction of business with the county. In the rare instances when employees cannot avoid being late to work or are unable to work as scheduled, they should notify their supervisor as soon as possible in advance of the anticipated tardiness or absence. Employees who have poor attendance and/or excessive tardiness or failure to report to work without prior notification, may be subject to loss of pay and other more serious disciplinary actions, up to and including termination of employment.

Section 7 – 5: Rest Periods

Under FLSA and State laws there is no mandate on number of hours for paid rest periods. Employees may be provided two (2) rest periods of 15 minutes in length for a seven (7) or eight (8) hour workday. Employees may receive one 15-minute rest period for a workday of less than seven (7) hours. Rest periods are provided as the work requirements of the department permits and at the discretion of the elected official or department administrator. Rest periods are not cumulative. Since this time is counted and paid as time worked, employees must not be absent from their work stations beyond the allotted rest period time.

Section 7 – 6: Meal Periods

Employees working five (5) or more hours per day may be provided one meal period (30 minutes or more) during the workday. To the extent possible, meal periods will be provided in the middle of work periods but supervisors have the authority to schedule or modify meal periods to accommodate operating requirements. Employees will be relieved of all active responsibilities and restrictions

Adoption Date: January 1, 1997

Current Version: July 2025

Individual policies revised at discretion of county commission

during meal periods and will not be compensated for that time. All other situations regarding lunch periods need prior approval of supervisor and Officeholder or Department Head.

Section 7 – 7: Weather-Related Emergency Closings

At times weather-related emergencies may require the closing of the Greene County Judicial Facility and administrative offices. The members of the County Commission and the Presiding Judge of the Circuit Court will make the decision about weather-related closings. In the event that such an emergency occurs during non-working hours and administrative offices are closed, the Emergency Management Office will be instructed to notify other county elected officials about the closing. Each elected official or department administrator will be responsible for establishing a procedure for notification of their employees in the case of closing. A recorded message is available at 868-4000 which gives the open/close status of the administrative offices.

A. Administrative Offices

When the administrative offices are officially closed due to emergency weather conditions, administrative employees, with the exception of building operations and emergency management employees, will not be required to report to work. The time off will be paid for full-time and part-time employees who are eligible for benefits and who are scheduled to work on that day.

Building Operations and Emergency Management employees are required to report to work unless notified otherwise by their supervisor. Other administrative employees in essential operations may be required to work on a day when operations are officially closed. In these circumstances, non-exempt employees who are required to report to work will receive compensatory time at a rate of one and one-half times for the hours worked in addition to regular pay.

B. Sheriff, Juvenile Detention and Highway Department Employees

Due to the operating requirements of their departments, all sheriff, juvenile detention and highway department employees will be required to work their regular schedule and, if necessary, overtime during inclement weather. Therefore, the provisions of this policy do not apply to employees in these departments.

**Highway Department employees should also consult the Highway's Department Policy and procedure appendix for more details applicable to their department.*

Section 10 – 1: Eligibility**A. Employee**

Greene County provides paid sick leave benefits to all full-time and eligible part-time employees. Part-time employees without benefits, temporary or contract employees are ineligible for county-paid sick leave benefits. Paid sick leave may be taken for periods of temporary absence due to illnesses and injuries, appointments with physicians or dentist and for other medical treatment.

B. Family Members

Eligible employees may also use paid sick leave benefits for an illness, injury or an appointment with a physician or dentist and for other medical treatment of a family member. If the need is over 40 hours annually, supervisors may make extensions and ask for a Health Care Provider's statement. For the purpose of the policy, a family member is defined as spouse, child, parent or a person that an elected official or department head approves to be included as a family member. Normally this person should reside in the employee's household.

An employee may also substitute paid sick leave benefits beyond the five (5) day limit for unpaid leave to care for the employee's spouse, child or parent who has a serious health condition that qualifies and is designated in advance as leave under the Family and Medical Leave Act (FMLA). Sick leave may only be allowed for the care of family members with serious health conditions other than those defined herein if requested in writing by the employee and approved in advance by the department's elected official. For more information on Family Medical Leave please look at Chapter 12 in this manual.

Section 10 – 2: Waiting Period

A waiting period of 30 calendar days must be completed before earned sick leave may be used. After that time, employees may request use of paid sick leave including that accrued during the waiting period.

Section 10 – 3: Earning of Sick Leave

Eligible employees will accrue sick leave time on the first and second pay period of every month in accordance with the earning schedule.

A. Part-Time Employees

Eligible part-time employees in positions budgeted at 1,000 hours or more per year (20 or more hours per week) will earn in accordance with the following schedule. This only applies to part-time positions budgeted for paid sick leave.

Sick Leave Earning			
For All Full-time Employees

Eligible Part-time Employees			
Sick Hours Per Pay Period (24 total)	Sick Hours Monthly	Sick Hours Annually	Maximum Accrual Limit
2 hours	4 hours	48 hours	240 hours

Section 10 – 4: Sick Leave Accrual

A. Limits

Eligible full-time employees will be allowed to accumulate unused sick leave benefits to a maximum of 60 calendar days or 480 hours for full-time employees. Part-time employees will be allowed to accumulate up to 30 days or 240 hours. If the employee's benefits reach this maximum, further accrual of paid sick leave benefits will be suspended until the employee has reduced the balance below the limit.

B. Rehire

If an employee separates from county service and is rehired any time after a period of 90 days, sick leave will be considered as for any new employee. If an employee is rehired within the 90-day period, they will not be required to meet the waiting period and they may, if approved by the elected official or department administrator, have their unused sick leave balance reinstated.

Section 10 – 5: Employee Responsibilities

Employees who are unable to report to work due to illness or injury must notify their direct supervisor or designee before the scheduled start of their workday or as soon as possible. Failure by the employee to contact their supervisor or designee may result in that day being charged against compensatory time, vacation leave or as leave without pay. For each subsequent day of absence, the employee must also contact their supervisor or designee, unless approved in advance by their supervisor. If an employee is absent from work for 3 or more consecutive business days, contact the Human Resources office for FMLA paperwork.

Section 10 – 6: Health Care Provider's Statement

If an employee is absent for more than five (5) consecutive working days due to illness or injury, a licensed health care provider's statement must be provided verifying that the employee is unable to work with estimated dates as to when the employee may return to work. Before returning to work from a sick leave absence exceeding five (5) working days, an employee will be required to provide a health care provider's certification that they may safely return to work. An elected official or department administrator may also require a health care provider's verification at any time from an employee whose frequent use of sick leave negatively affects their job performance and/or the operation of the department. The verification may be required as a condition to receiving paid sick leave benefits.

Adoption Date: January 1, 1997

Current Version: July 2025

Individual policies revised at discretion of county commission

The information obtained from health care provider's statements and other medical inquiries is considered confidential medical information and must be kept confidential and separate from other personnel records. In addition, its use must be job-related and consistent with business necessity. The county will not use the information obtained to unlawfully discriminate against any employee in any employment practice.

Section 10 – 7: Transfer to Other County Departments

Employees transferring to other departments within the county will be allowed to carry over any accrued paid sick leave to the new department up to the maximum accrual limit.

Section 10 – 8: Payment for Unused Sick Leave

Paid sick leave benefits are intended solely to provide income protection in the event of illness or injury, and may not be used for any other absence. Unused sick leave benefits will be paid only to employees which meet the below criteria; these employees will receive payment for one half of their accumulated sick leave during the final payout:

- Has served a minimum of 10 years of service and is retiring under the Missouri Local Government Employee's Retirement System (LAGERS) or;
- Has served a minimum of 20 years of service and separates from employment in good standing or;
- Upon the death of an employee (with 10 years or more of continuous service) who was vested in LAGERS.

If the death of an employee is directly related to an on-the-job accident or injury, as defined by Missouri Workers' Compensation law, the full amount of sick leave accumulated may be paid during the final payout.

Unused sick leave benefits will not be paid out if an eligible employee is electing to retire but defer their retirement benefits.

Section 10 – 9: Other Employment

An employee will be ineligible for any paid sick leave benefits if the illness or injury is or would be considered compensable under an outside employer's workers' compensation coverage. An employee who is unable to report to work with the county will be denied the use of sick leave benefits if they perform work for an outside employer during the same workday. An employee accepting county-paid sick leave while performing work duties for another employer during the same workday may be subject to disciplinary action up to and including termination.

C. Vacation

Illness or injury occurring while an employee is on vacation will not be charged to sick leave unless a physician's verification of the illness or injury is provided to the employee's elected official or department administrator. If verification is not provided, the vacation leave will remain as vacation.

Section 11-3: Time Off to Vote

Employees are encouraged to fulfill their civic responsibilities by participating in elections. Generally, employees are able to find time to vote either before or after their regular work schedule. State law requires that employers allow "for a period of three (3) hours between the time of opening and the time of closing the polls for the purpose of voting." Supervisors will work with employees to insure a three (3) hour period (combination of scheduled working and non-working hours) for the purpose of casting their vote. Employees must request time off to vote from their supervisor prior to the Election Day. Advance notice is required so that the necessary time off can be scheduled at the beginning or end of the work shift, whichever provides the least disruption to the normal work schedule.

Greene County elected officials encourage employees to fulfill their civic responsibilities by serving jury/witness duty when required. The following provisions will apply when an employee is summoned to jury duty or to appear in court as a witness:

- D.** Elected officials or department administrators may request an excuse from jury duty if the employee's absence would create serious operational difficulties.
- E.** Employees will be entitled to retain all pay and per diem for this service as jurors/witness.

Adoption Date: January 1, 1997

Current Version: July 2025

Leaves for military training exceeding 15 working days will be unpaid; however, eligible employees may use accrued vacation leave or compensatory time for the absence. Employees requesting this leave, with or without pay, will provide documentation of the order or the authorization of competent authority for the time period in which military leave will be taken. 2. Reinstatement

Employees on active military service leave of absence may apply for reinstatement in accordance with all applicable state and federal laws. Employees returning from military leave will be entitled to restoration to the former position held prior to the leave or to another position of the same class provided the employee is physically and mentally capable of performing the essential duties of the position and they make application for reinstatement in accordance with applicable federal and state laws. Reinstated employees will be treated as though they were continuously employed for purposes of determining benefits based on length of service, such as the rate of vacation accrual and job seniority right.

Section 11 – 6: Educational Leave

Leaves of absence may be granted, at the discretion of the department's elected official to full-time and part-time employees for educational development through short courses or extended leave for academic work toward a college or advanced degree. Family Medical Leave Act, and applicable federal and state laws.

Section 11 – 8: Unpaid Leave of Absence

Greene County elected officials or department administrators may authorize a leave of absence without pay to full- time and part-time employees who wish to take time off from work duties to fulfill personal obligations; for educational leave; to extend a family and medical leave of absence under FMLA; or to an employee ineligible for a family and medical leave of absence under FMLA.

A. Personal or Educational Leave of Absence

A request for an unpaid personal or educational leave of absence will be evaluated based on a number of factors, including reason for leave, anticipated work load requirements and staffing considerations during the proposed period of absence.

B. Reinstatement

When an unpaid leave or extended leave of absence ends, every reasonable effort will be made to return the employee to the same position, if available, or to a similar available position for which the employee is qualified subject to the county's operational needs, need to fill the vacancy, and the ability to find qualified temporary replacements. However, Greene County cannot guarantee reinstatement in all cases. If an employee fails to report to work promptly at the expiration of the approved leave period, the elected official or department administrator will assume the employee has resigned and their employment with the county will be terminated.

C. Family and Medical Leave Act (FMLA)

If an unpaid leave of absence qualifies under the Family and Medical Leave Act (FMLA), the employee will be required to take FMLA leave as part of the unpaid leave of absence. Employees will also be required to take any available vacation leave and/or sick leave, if applicable, as part of the approved period of leave (For more information refer to Chapter 12. Family and Medical Leave Act).

Section 11 - 10: Victims Economic Safety and Security Act (VESSA)**A. Purpose**

The Victims Economic Safety and Security Act (VESSA) of 2021 grants unpaid leave to employees who are a victim of domestic or sexual violence. Unpaid leave will also be granted if an employee's family or household member is a victim of domestic or sexual violence. The following are qualified reasons for unpaid leave under VESSA:

1. Seeking medical attention for, or recovering from, physical or psychological injuries caused by domestic or sexual violence to the employee or the employee's family or household member;
2. Obtaining services from a victim services organization for the employee or the employee's family or household member;
3. Obtaining psychological or other counseling for the employee or the employee's family or household member;
4. Participating in safety planning, temporarily or permanently relocating, or taking other actions to increase the safety of the employee or the employee's family or household member from future domestic or sexual violence or to ensure economic security; or
5. Seeking legal assistance or remedies to ensure the health and safety of the employee or the employee's family or household member, including preparing for or participating in any civil or criminal legal proceeding related to or derived from domestic or sexual violence.

B. Responsibility

It is the responsibility of the employee to make requests for leave under the Victims Economic Safety and Security Act to their employer, Greene County, through their elected official or department administrator. All requests for VESSA will be coordinated with the Human Resources Department.

C. Policy Statement

It is the policy of Greene County to adhere to the requirement of the Victims Economic Safety and Security Act and create a safe environment for the employee.

D. Eligibility Requirements

All Greene County employees are eligible for two workweeks of unpaid leave in a 12-month period under the Victims Economic Safety and Security Act. Notwithstanding, if an employee has exhausted ten or more weeks of their family and medical leave entitlement in the prior 12-month period they will only be eligible for unpaid VESSA leave up to the remaining amount of days of FMLA, not to exceed two weeks. Unpaid leave under VESSA will not be provided if the employee has already used all leave allowed under the federal Family and Medical Leave Act within the prior 12 months. Refer to Chapter 12, Family and Medical Leave Act.

Adoption Date: January 1, 1997

Current Version: July 2025

Individual policies revised at discretion of county commission

E. Determination of 12-month Period and Workweek

The 12-month period will be measured forward from an employee's first usage of VESSA. For example: Beginning November 1 of any given year, an employee takes one week of VESSA to obtain services for a victim services organization. This employee would have an additional one week available until November 1st of the following year. Conversely, if the employee exhausted all 2 weeks of VESSA leave, they would not have additional VESSA leave available until after November 1 of the following year. Each subsequent 12-month period will begin the first time VESSA leave is taken after the completion of the previous 12-month period.

Under VESSA, a workweek is defined as an employee's standard workweek. Therefore, the number of days to which an eligible employee is entitled leave will be specific to the employee's standard workweek.

F. Family or Household Member Defined

Under VESSA, an employee's family or household member is defined as a spouse, parent, son, daughter, other person related by blood or by present or prior marriage, other person who shares a relationship through a son or daughter, and persons jointly residing in the same household.

G. Substitution of Paid Leave

If it is determined the reason for any paid or unpaid leave time qualifies under the VESSA, the employee may be able to use available paid sick, vacation, or compensatory time as part of their VESSA leave.

H. Job Benefits and Protection

1. Eligible employees receiving county paid health insurance benefits will continue to receive these benefits during their approved VESSA leave. It is the responsibility of the employee to continue dependent coverage, if elected, and pay the dependent premium portion to the County. If an employee chooses not to return from leave, they will be required to repay the premium payment(s) made by the county on their behalf during an unpaid status.
2. Benefit accrual such as vacation or sick leave will be suspended during an unpaid leave exceeding 8 hours in any one pay period and will resume upon return to active employment. Holiday pay will not be paid if a recognized holiday falls within an unpaid leave of absence. This applies to employees that choose not to use available paid sick, vacation, or compensatory time as part of their VESSA leave.

I. Leave Taken Intermittently or on a Reduced Leave Schedule

The VESSA allows employees to request intermittent leave or leave on a reduced work schedule. Each request will be considered by the appropriate elected official or department administrator on a case-by-case basis. An exempt employee may take unpaid VESSA leave for partial or full days and their exempt status under the Fair Labor Standard Act will not be impacted.

J. Advance Notice and Certification

Employees requesting leave under VESSA must provide the county a 48-hour advance notice. If providing such notice is not practicable, an employee must notify their supervisor and Human Resources within a reasonable period of time.

All employees requesting leave under VESSA will be required to provide a certification consisting of a sworn statement that the employee or the employee's family or household member is a victim of domestic or sexual violence and that the leave is for one the purposes enumerated in section 1. An employee may satisfy the certification requirement of this section by providing to the employer one of the following:

1. Completion of Greene County's VESSA leave request form;
2. Documentation from an employee, agent, or volunteer of a victim services organization, an attorney, a member of the clergy, or a medical or other professional from whom the employee or the employee's family or household member has sought assistance in addressing domestic violence or sexual violence and the effects of such violence;
3. A police or court record; or
4. Other corroborating evidence.

K. Reasonable Safety Accommodations

Greene County will make reasonable safety accommodations in a timely manner, unless doing so will result in an undue hardship, to the known limitations resulting from circumstances relating to being a victim of domestic or sexual violence or a family or household member being a victim of domestic or sexual violence.

Reasonable safety accommodations could be an adjustment to a job structure, workplace facility, or work requirement, including a transfer, reassignment, modified schedule, leave, a changed telephone number or seating assignment, installation of a lock, implementation of a safety procedure, or assistance in documenting domestic violence that occurs at the workplace or in work-related settings, in response to actual or threatened domestic violence.

Requests for reasonable safety accommodations will be evaluated on a case-by-case basis by the elected official, department administrator, and/or Human Resources.

Upon receipt of a VESSA leave request, the Human Resources Department will provide the employee with a referral to the Greene County Family Justice Center.

- In order to care for the spouse, or a son, daughter, or parent, of the employee, if such spouse, son, daughter, or parent has a serious health condition
- A serious health condition that makes the employee unable to perform the functions of the position of such employee
- Any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a covered military member on "covered active duty;" **or** Twenty-six workweeks of leave during a single 12-month period to care for a covered servicemember with a serious injury or illness if the eligible employee is the servicemember's spouse, son, daughter, parent, or next of kin (military caregiver leave). For more information please visit the U.S. Department Labor site at <https://www.dol.gov/whd/fmla/2010ndaa.htm>

To qualify for FMLA, the employee must meet the requirements of the FMLA and accompanying regulations. An eligible employee shall be entitled to a total of 12 workweeks or 480 hours of leave during any 12-month period.

Section 12 - 2: Responsibility

It is the responsibility of the employee to make requests for family and temporary medical leave with their employer, Greene County, through their elected official or department administrator. All requests for FMLA leave will be coordinated with the Human Resources Department. While out on FMLA your supervisor may request you to check in with leave status reports.

Section 12 - 3 : Policy Statement

It is the policy of Greene County to adhere to the requirement of the Family and Medical Leave Act (FMLA) of 1993, as amended, and create a friendly environment between the employee and the county. More information can be found on the Department of Labor website: <https://www.dol.gov/whd/fmla/>.

Section 12 - 4 : Eligibility Requirements

Employees are eligible for unpaid family and temporary medical leave if:

- They have worked for the county for at least 12-months, and
- Worked 1,250 or more hours during the 12-months prior to start of leave

The FMLA leave available for eligible part-time employees will be prorated based on the average number of hours worked over the previous 12-month period.

Adoption Date: January 1, 1997

Current Version: July 2025

Individual policies revised at discretion of county commission

Section 12 - 5: Determination of 12-Month Period

Eligible employees may request up to 12 workweeks or 480 hours of unpaid family and temporary medical leave within a 12-month period. The 12-month period will be measured forward from an employee's first usage of FMLA. For example: Beginning November 1 of any given year, an employee takes eight weeks of FMLA leave for the birth of a child. This employee would have an additional four weeks available until November 1st of the following year. Conversely, if the employee exhausted all 12 weeks of FMLA leave, they would not have additional FMLA leave available until after November 1 of the following year. Each subsequent 12-month period will begin the first time FMLA leave is taken after the completion of the previous 12-month period.

Section 12 - 6: Substitution of Paid Leave

Any paid or unpaid leave which exceeds or is anticipated to exceed three working days for the reasons listed in Section 12-1, must be approved by the employee's elected official or department administrator and communicated to the Human Resources Department. If it is determined the reason for any paid or unpaid leave time qualifies under the FMLA, the employee will be required to use available paid sick, vacation, compensatory time as part of their family or temporary medical leave.

Section 12 - 7: Leave Provisions for Spouses Both Working for Greene County

Eligible spouses who both work for Greene County are limited to a combined total of 12 workweeks of leave in a 12-month period for the following FMLA-qualifying reasons:

- The birth of a son or daughter and bonding with the newborn child
- The placement of a son or daughter with the employee for adoption or foster care and bonding with the newly-placed child
- The care of a parent with a serious health condition

Eligible spouses who both work for Greene County are also limited to a combined total of 26 workweeks of leave in a single 12-month period for military caregiver leave.

Section 12 - 8: Advance Notice

For a qualifying event under the FMLA that is foreseeable, an employee must give Greene County at least 30 days advance notice. This is best achieved by advance consultation with the employee's supervisor to ensure leave does not unduly disrupt the operation of their department. If leave is unexpected an employee must notify their supervisor as soon as possible and practical.

When the employee has no reasonable excuse for not providing at least 30 days advance notice, the employer may delay leave until 30 days after the date notice is provided. When the employee does not give timely notice of unforeseeable leave and does not have a reasonable excuse, the employer may delay or deny leave.

Section 12 - 9 : Medical Certification

Failure to provide the required medical certification from a health care provider, as defined by FMLA, as set forth herein may result in denial of the requested FMLA leave.

A. Employee Medical Leave

Employees requesting medical leave for themselves will be required to provide a medical certification form verifying the seriousness of the health condition along with the beginning and ending dates of leave to their elected official or department administrator and the Human Resource Department. Employees will have 15 days in which to provide the certification, except in extenuating circumstances. If any employee fails to provide certification in a timely manner, the employee's leave request or continuation of leave may be delayed or denied altogether. Any major changes in medical status must be promptly reported to their elected official or department administrator, and the Human Resources Department. Recertification may be requested every 30 days.

B. Family Medical Leave

Employees requesting family leave related to caring for a child, spouse, or parent, with a serious health condition, will be required to provide a medical certification verifying the illness, its beginning and expected ending dates, and the need of the employee to provide care to their elected official or department administrator and the Human Resources Department. Medical certification forms will be provided by the Human Resources Department when an employee makes a request for leave. In an unforeseen event, once the Human Resources Department is notified, these forms will be provided within three (3) business days.

C. Second Opinion

If the submitted medical certification is not sufficient, the Human Resources Department may require a second opinion at the county's expense. If the first and second opinions do not agree, the county and the employee will coordinate the selection for a third opinion at the county's expense. The third opinion will be final and binding.

Section 12 - 10: Leave Taken Intermittently or on a Reduced Leave Schedule

The FMLA allows employees to request intermittent leave, or leave on a reduced leave schedule. Each request will be considered by the appropriate elected official or department administrator on a case-by-case basis. Intermittent leave or reduced hours will be in applied increments of 30 minutes. An elected official or department administrator may require an employee to transfer temporarily to an alternate position to better accommodate recurring periods of leave. The employee must be qualified for the alternative position. The county will provide equivalent pay and benefits to an employee that is temporarily transferred. If an exempt employee takes unpaid leave for partial or full days, their exempt status under the Fair Labor Standard Act will not be impacted.

Section 12 - 11: Job Benefits and Protection**A. Insurance Benefits**

Eligible employees receiving county paid health insurance benefits will continue to receive these benefits during their approved family or medical leave. It is the responsibility of the employee to continue dependent coverage, if elected, and pay the dependent premium portion to the County.

If an employee chooses not to return from leave, they will be required to repay the premium payment(s) made by the county on their behalf during an unpaid status. Employees that are medically unable to return to work due to continuation, recurrence, or onset of a serious health condition will not be required to repay premiums. A certification from a health care provider that the employee is unable to return to work due to a severe health condition will be required.

Adoption Date: January 1, 1997

Current Version: July 2025

Individual policies revised at discretion of county commission

B. Vacation, Sick Leave and Holiday Benefit Accrual

Benefit accrual such as vacation or sick leave will be suspended during an unpaid leave exceeding 8 hours in any one pay period and will resume upon return to active employment. Holiday pay will not be paid if a recognized holiday falls within an unpaid leave of absence.

Section 12 - 12: Return to Work Requirements**A. Return to Work**

An employee must submit a work release certification from their healthcare provider. This certification must indicate an employee is able to perform the functions outlined in their job description with or without reasonable accommodation. The work release certification must be submitted prior to the employee's first scheduled day. If an employee does not submit a work release letter they will not be permitted to work until the letter is received.

B. Fitness for Duty Exam

If the employee has taken leave because of their own serious health condition, an elected official or department administrator may require an employee to schedule a "Fitness for Duty" exam with the county's occupational medicine physician.

C. Failure to Report to Work

Greene County will assume an employee has resigned and their employment with Greene County may be terminated when:

1. An employee fails to report to work promptly at the end of the approved leave period
2. Gives notice of their intent not to return to work
3. Fails to provide a work release certification as required above

If this occurs, the employee will need to reimburse the county for insurance benefits that were paid during their family or temporary medical leave.

D. Key Employees

An employee who qualifies as a "key employee" may be denied restoration of employment after a period of leave if holding the employee's position would cause Greene County grievous economic injury. A "key employee" is an employee who is salaried and is among the highest paid ten percent of the work force. An employee will be notified by the Human Resources Department during the initial request for leave if there is a possibility that Greene County may deny reinstatement after leave.

Section 12-13: Leave Extension Beyond End of FMLA Entitlement

The Family and Medical Leave Act allows an eligible employee a total of 12 workweeks or 480 hours of leave during any 12-month period. Once an employee has exhausted 12 workweeks or 480 hours of leave an employee may apply for a 30-day extended unpaid leave of absence. A leave extension request form must be completed and include a health care provider's certification that states the employee is unable to work and an expected return to work date. A request for an extended leave of absence will be evaluated based on a number of factors, including the anticipated workload requirements and staffing considerations during the proposed

period of absence, as determined by the officeholder or department administrator. During an approved extended unpaid leave of absence, employees will be eligible to participate in the shared leave program. Continuation of health insurance benefits will be offered to the employee through COBRA. The employee will be responsible for the COBRA health insurance premiums during an approved extension. An employee may request up to three (3) 30-day extensions. If a leave extension exceeds 30 days and the employee does not choose to elect COBRA, the employee will be subject to an insurance waiting period upon return to active employment. Health insurance benefits will resume first of the month following 60 days.

An extended leave of absence is not guaranteed to be approved and will be determined on a case-by-case basis by an elected official or the Greene County commissioners.

Section 12-14: Shared Leave Program

A. Purpose

The purpose of the Shared Leave Program is to assist employees during a temporary unpaid medical leave of absence. This provides an opportunity for paid leave to employees who have exhausted all of their accrued vacation, sick, personal days and compensatory time.

B. Eligibility Criteria to Receive Shared Leave Benefits

An eligible employee may request shared leave time by notifying their officeholder or department administrator. To be eligible to receive leave, an employee must meet the following criteria:

1. Be in a full-time or part-time position with benefits (budgeted at 1,500 hours or more per year)
2. Have worked for the county for at least one year
3. The employee or the employee's spouse or child must have experienced a personal injury or illness which is life threatening or catastrophic, and not job related; Life threatening or catastrophic, for purposes of this policy, is defined as an injury or illness that is expected to extend 30 or more days beyond the expiration of the employee's accrued leave time and meets the definition of a serious health condition under the Family and Medical Leave Act.
4. The employee must have exhausted all accrued leave
5. The employee must complete a shared leave request form and provide a health care provider's verification that the employee is unable to work due to illness or injury
6. The employee must be on an unpaid FMLA leave of absence or approved extended unpaid leave of absence per section 12-13
7. The employee is not on unpaid disciplinary status during the period requested for shared leave

C. Approval of Request

The requesting employee's officeholder or department administrator, and human resources will consider the above criteria to determine if an employee is eligible for shared leave. The decision regarding any request for shared leave will be final.

D. Shared Leave Donation Requirements

An employee wishing to donate leave must complete the Shared Leave Donation form and submit the form to the Human Resources Department. The form must include the donor's name, recipient's name, the date completed, type of leave and number of hours to be donated, and signature of donor.

1. An employee may donate vacation leave, compensatory time, and/or sick leave at a minimum of four (4) hours per leave type
2. Donated leave will be credited to a recipient as needed and will be deducted from the donor's leave record in hour increments or a lump sum
3. Shared leave donations will be used on a first-in basis upon submission to the Human Resources Department. If more than one employee donates the leave time will be used in order received
4. Employees compensated by Road and Bridge, LEST I, LEST II and Assessor funds may only donate leave to other employees compensated by the same fund. Exceptions may be granted at the discretion of an elected official. This restriction does not apply to employees funded by General Revenue

Section 13 – 1: General Policy Statement

The Greene County Commission has established a variety of fringe benefit programs designed to assist eligible employees and their dependents in meeting the financial burdens that can result from illness and death and to help employees plan for retirement. This chapter is intended to give a general overview of these benefit programs.

The members of the Commission reserve the right to amend or terminate any of its benefit programs or to increase employee premium contributions toward any benefits with or without advance notice at its discretion. This reserved right may be exercised in the absence of financial necessity. Whenever an amendment is made to any of the county's benefit programs, the human resources director will submit the amendment to the Commission for review and approval. The human resources director will notify plan participants of all approved amendments or plan terminations, in accordance with the requirements of applicable federal and state law.

Section 13 - 2: Eligibility

Unless stated otherwise, all full-time employees and authorized part-time employees in positions budgeted at 1,500 hours or more per year (averaging 30 or more hours per week) and their eligible dependents may participate in the county's fringe benefit programs. Coverage for eligible employees and their dependents is effective on the first day of the month following 60 days of employment. Part-time employees in positions budgeted at less than 1,500 hours per year, introductory, temporary, and contract employees are ineligible to participate in these programs, unless stated otherwise.

Section 13 – 3: Group Medical and Dental Insurance

Group medical and dental benefits are described more fully in each plan's summary of benefits and coverage document. These summaries are provided during the new hire onboarding process and are available on the employee intranet. For further information regarding the county's medical and dental plan, employees may contact Human Resources.

A. Premium Payment**1. Employee Coverage**

The county pays the "employee only" premium for selected medical plans and the dental plan for all eligible employees, certain requirements may be required.

2. Dependent Premium

The medical and dental premiums for eligible dependents are paid by the employee. If an employee chooses dependent coverage, the monthly premiums will be deducted from the employee's bi-weekly paycheck. Plan participants will be notified during open enrollment the amount of premium for dependent medical and dental coverage.

3. Termination of Employment

Benefits under the group medical and dental plans terminate on the last day of month in which an employee separates from employment. Employees will be responsible for the full month premium.

Adoption Date: January 1, 1997

Current Version: July 2025

Individual policies revised at discretion of county commission

Section 13 – 4: Benefit Continuation (COBRA)

In accordance with the federal Consolidated Omnibus Budget Reconciliation Act (COBRA), employees may continue their medical and dental insurance coverage (i.e. 18 months as the norm) under the county's group health plan when a "qualifying event" would normally result in the loss of eligibility. Some common qualifying events are resignation, termination of employment, or death of an employee; a reduction in an employee's hours or a leave of absence; an employee's divorce or legal separation; and a dependent child no longer meeting eligibility requirements. Dependents covered on the county's medical and dental plan are also eligible to continue coverage under COBRA.

Each eligible employee will receive and be required to sign a written notice describing their rights granted under COBRA when they become eligible for medical and dental coverage. This notice contains important information about the employee's rights and obligations. After an employee experiences a COBRA qualifying event, they will be sent a more detailed notice and an application for continued coverage. Under COBRA, the employee or beneficiary pays the total cost of providing coverage plus administration fees as provided by law.

Section 13 – 5: Voluntary Life Insurance**A. Basic Life and AD&D Insurance**

Eligible employees receive \$15,000 basic life and \$15,000 accidental death and dismemberment (AD&D) insurance as part of their fringe benefit program. The cost of this coverage is paid by the county.

B. Voluntary Life

Eligible employees may purchase supplemental term life insurance coverage at group rates based on the applicant's age. If elected, the coverage becomes effective the first of the month following 60 days of employment. Spouse and dependent coverage is available for purchase. If an employee chooses supplemental life coverage, the monthly premiums will be deducted from the employee's bi-weekly paycheck. Plan participants may be notified each year if there is an increase in their voluntary life premium. Voluntary life benefits are described more fully in the plan's summary documentation. This summary is provided during the new hire onboarding process and available on the employee intranet. For further information regarding the county's voluntary life, employees may contact Human Resources.

Section 13 – 6: Voluntary Long-Term Disability

Eligible employees may purchase long term disability coverage to protect their income in the event of a disability. After an absence of 90 days or more due to disability from illness or injury, the plan pays 60 percent of an employee's salary. If an employee chooses voluntary long-term disability coverage, the coverage becomes effective on the first of the month following 60 days of employment. The monthly premium will be deducted from the employee's bi-weekly paycheck. Plan participants will be notified each year if there is an increase in their voluntary long-term disability premium. The provisions of the plan are described in more detail in the Group Voluntary Disability summary. This summary is provided during the new hire onboarding process and available on the

employee intranet. For further information regarding voluntary long-term disability, employees may contact Human Resources.

Section 13 – 7: Retirement Plans

A. Missouri Local Government Employee's Retirement System (LAGERS)

Full-time employees and authorized part-time employees who are employed in budgeted positions normally requiring 1,500 hours of work per year will be enrolled in the LAGERS plan after six months of employment. After an employee has completed five years of credited service, they will be vested in LAGERS. The county pays the entire cost of the plan.

The normal retirement age is the age that an employee can retire and begin receiving an unreduced benefit. The normal retirement age for general employees is age 60 and for sheriff deputies and other commissioned officers is age 55. There is a provision for early retirement that allows an employee to receive a reduced retirement amount at an earlier age. The early retirement age for general employees is age 55 and for sheriff deputies and other commissioned officers is age 50. For further information, employees may reference "A Summary of LAGERS" or contact the County Clerk's Office.

B. County Employees' Retirement Fund (CERF) Pension Plan

The County Employees' Retirement Fund (CERF) was established by Senate Bill 579, effective August 28, 1994. Effective January 1, 1997, CERF began paying annuity payments to eligible retirees. Full-time employees and authorized part-time employees who are employed in a position normally requiring 1,000 hours of work each year will be enrolled in the CERF plan upon employment. Circuit Court employees including juvenile services personnel and bailiffs are ineligible for CERF.

After an employee has completed eight years of credited service, they will be vested in CERF. For those participants who were hired before February 22, 2002, the entire amount contributed to CERF is paid through the collection of fees and penalties from the Assessor, Collector of Revenue, and Recorder of Deeds offices.

Those employees hired on or after February 22, 2002 are required to pay four (4) percent of their wages through payroll deduction. Non-LAGERS participants (employees in positions requiring less than 1,500 hours of work per year) are required to pay two (2) percent of their wages through a payroll deduction in addition to the four (4) percent if hired after February 22, 2002. The normal retirement age according to CERF is age 62 for eligible employees. There are early retirement provisions that allow an employee to receive a reduced retirement amount beginning at age 55. All active employees are also covered by a \$10,000 life insurance benefit. For further information regarding CERF, employees may contact the plan administrator, Boone County National Bank at 1-800-357-8557 or County Clerk's office at 417-829-6297.

Section 13 – 8: Deferred Compensation

A. CERF Smart Savings Plan

Employees who are members of the CERF Pension Plan may participate in the deferred compensation plan sponsored by CERF. The CERF Smart Savings Plan provides employees the opportunity to "defer" a portion of their income before taxes into a savings plan for retirement. In addition, each year the CERF Board may provide a matching contribution (up to the plan limits)

to participant's contributions. After an employee has completed five years of service (from date of hire), they will be vested on the matching contribution provided by CERF.

B. Other Deferred Compensation Plans

Eligible employees may subsidize their retirement plan by participating in one of the other county's deferred compensation plans. While there is not a matching contribution for these deferred compensation programs, the plans also provide employees the opportunity to defer a portion of their income before taxes for retirement. The plans authorized by the County Commission are Nationwide Retirement Solutions, Inc. and Lincoln National Deferred Compensation Plan. Interested employees should contact the County Clerk's Office to schedule an appointment with a representative from either company.

Section 13 – 9: Vaccinations

Flu Shots

All full-time and part-time employees may be eligible to receive flu shots at the Springfield-Greene County Health Department. Employees may be notified during the fall of each year of the dates, times and location of where the shots will be administered.

Section 13 – 10: Workers' Compensation

The purpose of workers' compensation is to provide legally mandated benefits to workers who are injured at work or who develop a job-related illness as a result of their employment. It is necessary that employees communicate and report all alleged accidents or injuries promptly to their immediate supervisors. Greene County, Missouri is fully-insured and our workers' compensation program is designed, in all cases, to meet, and in some areas, exceed the requirements set forth in Missouri State Statutes regarding Workers' Compensation.

All accidents, injuries and occupational diseases must meet the standard of work being "the prevailing factor" in causing the injury or disease and the injury must arise out of and in the course of employment. Idiopathic injuries that result from an unknown cause are not covered. Certain injuries that occur when the employee is going to and from work are excluded.

Reporting Requirements

Employees must immediately report work-related injuries to their supervisors. Work-related injuries must be reported by the supervisor to the Human Resources Department the same calendar day. Employees who do not report alleged accidents in a timely manner may forfeit their rights and be denied or obtain reduced benefits under the County's Workers' Compensation Program. If an employee is in violation of a known safety policy, a possible reduction up to fifty (50) percent of benefits may occur. The Human Resources Department outlines and distributes the procedure for reporting a work-related injury.

Selection of a Health Care Provider

According to Missouri Workers' Compensation Law, Section 287.140, Greene County has the right to designate the health care provider for work-related injuries or illness. Employees are not authorized to seek medical care through their private physician and are advised that such care may not be accepted or paid for by Greene County. Supervisors are required to document, in writing, any refusal by the employee to obtain medical treatment.

Adoption Date: January 1, 1997

Modified Duty Assignments

The County supports and encourages the use of modified duty unless the designated medical provider believes modified duty would pose a hindrance to recuperation or an increased risk of re-injury. No employee will be placed on modified duty if the employee's condition would pose a safety or health hazard to fellow employees and/or the general public.

Modified duty status may be revoked, altered, added, or changed at any time as circumstances warrant. Modified duty may be considered until an employee has reached maximum medical improvement. This temporary, modified position may be outside the employee's regular duties and schedule.

Employees whose alleged injuries or illness result in restriction which require modified duty on a permanent basis will be reviewed. A reasonable accommodation may be allowed in accordance with the Americans with Disabilities Act. Eligible employees may elect to apply for disability retirement benefits from LAGERS.

An employee who refuses to return to a modified duty position will not be entitled to any lost wages, and may be subject to disciplinary action up to and including termination of employment. All positions and job duties in the county's modified duty program are temporary in nature and may be changed or terminated at the county's discretion. These positions are not permanent accommodations as defined by the Americans with Disabilities Act.

Restrictions

Employees who are unable to work or are on a modified duty due to Workers' Compensation injury or illness must comply with the restrictions and orders provided by the County's Occupational Medicine facility and our workers' compensation administrator. These restrictions also apply to any outside employment. Failure to follow medical orders may result in the loss of rights under the County's Workers' Compensation Program and serious disciplinary action.

Benefits

A. Lost-Time Compensation

Any employee who sustains a lost-time accident or injury compensable under Missouri's Workers' Compensation Law will be paid sixty-six and two-thirds (66 2/3) percent of the worker's average weekly wage. No further wages or salary will be paid by the county until the employee returns to work. However, accumulated sick leave, vacation leave or compensatory time may be utilized during the first three days of a lost time accident, which does not exceed 14 days. An employee will continue to earn vacation and sick leave accruals while receiving lost-time benefits from the workers' compensation carrier.

B. LAGERS Retirement System

During any one month that an employee is on workers' compensation leave for one (1) or more days during the calendar month **AND** receives two or more workers' compensation loss-time payments, they will receive service credit but will not receive LAGERS credit for any salary received during that month.

Exceptions**Juvenile Court Employees**

According to RSMo 105.800, Juvenile Court employees are considered state employees for purposes of workers' compensation. Therefore, Juvenile Court employees will follow the provisions of the State of Missouri's program.

Juvenile Services employees should also consult the Department Supplement section for more details regarding workers' compensation applicable to their department.

Section 13 - 11: Health Insurance Portability and Accountability Act (HIPAA)

Greene County, MO sponsors a group health plan (the Plan) for certain employees and other beneficiaries. This group health plan is covered by the Administrative Simplification Provisions of the Health Insurance Portability and Accountability Act (the Act) (45 C.F.R. parts 160 and 164). Under this Act the plan is considered a covered entity and must follow certain procedures and rules relating to the individually identifiable health information of the participants of the Plan. This includes limits on the information that may be shared with the employer sponsoring the Plan. This information is considered protected health information or PHI. Section 13-12: Termination of Benefits due to Leave of Absence

When an employee is on an approved leave of absence, benefit coverage may continue for up to 90 days after the date in which an employee last physically worked. After 90 days, all group insurance coverage will be terminated. Benefit continuation for medical, dental, and vision will be offered through COBRA. If a leave of absence exceeds 90 days and the employee does not choose to elect COBRA, the employee will be subject to an insurance waiting period upon return to active employment. Health insurance benefits will resume first of the month following 60 days.

Section 14 – 1: Use of Vehicles and Equipment**A. Purpose**

According to RSMo 49.275, the Greene County Commission may provide vehicles to elected officials and employees for the purpose of conducting official county business. This policy outlines the guidelines for usage of Greene County vehicles and personal vehicles while on county business.

B. Eligibility Requirements

1. Employees may not drive vehicles for county business without the prior approval of their department administrator. Before approving a driver, each department administrator must verify the existence of the appropriate valid motor vehicle operator's license, check the employee's motor vehicle driving record and pass a drug screen. Employees approved to drive on county business are required to inform their supervisor of any changes that may affect their legal or physical ability to drive or their continued insurability.
2. Department administrators will notify Human Resources when a new driver is hired, so their name may be added to the list of authorized drivers. In addition, Human Resources will periodically request department administrators to provide an updated list of individuals authorized to operate county- owned vehicles and/or equipment.
3. All departments with authorized county drivers, including Emergency Management, Highway, Juvenile, Prosecuting Attorney, Public Administrator, Resource Management (Building Operations, Building Regulations, Environmental, General Services, and Planning and Zoning) and Sheriff Office, are responsible to ensure that all drivers in their respective departments maintain a valid motor vehicle operator's license which has not been revoked or suspended. Periodic motor vehicle records checks may also be initiated by Human Resources to ensure that drivers of county vehicles maintain a valid license.
4. Authorized drivers of county-owned vehicles must, as a condition of employment, be able to meet the driver approval standards of this policy at all times. For all other jobs, driving is considered an incidental function of the position.

C. Acquisition and Assignment of County Vehicles

The Greene County Commission will determine and authorize the distribution and basic utilization of all county-owned vehicles. County vehicles will be permanently assigned to those departments which have demonstrated a continuing need for them. Employees who need transportation in the course of their normal work may be assigned a county vehicle for their use. Any requests for additional vehicles or departmental assignment changes must be requested through the Greene County Highway Department and presented to the County Commission for determination and authorization. However, the Highway Department does have the authority to provide a substitute vehicle whenever one is available and they so deem necessary.

D. Retention of County Vehicles at Private Residence

Adoption Date: January 1, 1997

Current Version: July 2025

Individual policies revised at discretion of county commission

1. A Greene County employee will not drive a county-owned vehicle to or from the employee's place of residence before or after normal working hours except as authorized herein. The Greene County Commission authorized the following county elected officials and department administrators who are on-call 24 hours a day to retain on a regular basis a county-owned vehicle at their private residence during non-working hours to be used at their discretion.

Officeholders:

Presiding Commissioner

Commissioner District 1

Commissioner District 2

Department Administrators:

Highway Administrator

Building Operations Superintendent

Director of Emergency Management

2. In addition to these positions, an elected official or department administrator may authorize other employees to drive county-owned vehicles to or from their place of residence outside normal working hours when it has been determined that the vehicle is being used for a purpose that serves the county and that the vehicle is not being used solely to provide transportation to or from the employee's place of residence. A list of employees, positions, vehicles assigned, and odometer readings must be provided to the County Commission with the implementation of this policy and before each November 1, for the upcoming period November 1 through October 31. Any additions to the list throughout the year must also be provided to the County Commission.
3. Employees who are assigned police or maintenance vehicles as defined by the IRS are exempt from both taxation and record keeping requirements. All other drivers, who are allowed to drive a county vehicle to or from their place of residence, must maintain records documenting personal use of the vehicle. Employees with questions regarding the definition of personal use should contact their tax advisor.
4. Drivers subject to the record keeping requirements must submit annually to the County Commission the odometer reading and the number of personal miles driven in the county-owned vehicle(s) assigned to them during the year. Employees must also certify the accuracy of the information. Written work orders will be required by the Highway Department and a permanent file will be maintained for all vehicles.
2. Employees must notify the Highway Department if any equipment, machines, tools, or vehicles appear to be damaged, defective, or in need of repair. Prompt reporting of

However, employees should contact their department's dispatchers or designated individual(s) in order to log in or out during meal and rest periods or when leaving the vehicle. Use of county vehicles for non-business purposes other than meal and rest periods must be approved by their department administrator prior to use. Sunshine Law requests can also include messages sent via the county's E-mail system. The use of any software and business equipment, including, but not limited to, computers, the county's E-mail system, the Internet, facsimiles and copy machines is for county business only. Exceptions are those activities or announcements sponsored or sanctioned by Greene County. Violation of this policy may result in disciplinary action up to and including termination of employment.

Information Systems must be contacted prior to loading any software or hardware or making any internal or external connections to a computer system. Employees are prohibited from opening or working on any computer hardware. Employees are assigned a pass code which entitles them to log into certain areas of access to the computer system. Any access outside these authorized areas will be monitored by the Information Systems and may affect the future ability of logging into the system.

Employees using this equipment for personal purposes do so at their own risk. Improper use of the E-mail system (e.g., spreading offensive or disruptive jokes or remarks), including the Internet, will not be tolerated. If the use is not job-related, it will need to be approved by the applicable department administrator or officeholder.

**Juvenile Court employees should also consult their Department Supplement section for more details regarding this section applicable to their department*

Section 15 – 7: Use of Personal Communication Devices for Business Purposes

A. Purpose

Greene County recognizes certain positions dictate an employee be available via personal communication device(s) when they are not working in a physical office space. The purpose of this policy is to establish guidelines for using communication devices for business purposes and defines employees that are eligible to receive monthly cell phone stipends.

B. Safety

Employees are prohibited from using cell phones or portable electronic devices, (personal communication devices), including, technology which allows hands free communication, to either, send, receive, listen to and/or review communications at any time while driving or operating County owned vehicles for any purpose or while driving their personal vehicles on County business. For the purpose of this policy, "operating" includes all times other than when the vehicle is in a safe location and placed in park (or equivalent). This policy also applies while operating, moving and/or in-gear motorized off-road equipment or when in use for excavating or material handling when safely parked. If communication is necessary using a personal communications device either outgoing or incoming, the driver is to wait until he/she reaches a safe place to stop and park the vehicle before placing or receiving calls, conversing on the cell phone, engage in reading or sending text messages, emails, or surfing the internet.

Exceptions to this policy include the following:

The use of County issued two-way radio that operates with push-to talk technology is allowed to be used by the driver/ operator only in situations when there is no passenger employee present in the cab or vehicle who is able to use the radio communication, provided however, usage should be kept to a minimum while operating a County vehicle. If an extended conversation is necessary, the vehicle operator shall park the vehicle in a safe area.

The use of a personal communications device by first responders for official emergency communications;

The use by Deputy Sheriffs or Sheriff Office issued laptop/notebook computers for Sheriff Office vehicles; and

Adoption Date: January 1, 1997

Current Version: July 2025

Individual policies revised at discretion of county commission

The use of a wireless communication device to contact a 9-1-1 system.

Highway Department personnel who operate a vehicle less than 1-ton in size, and who is working a Highway Department declared emergency event, may operate a cell phone **ONLY** using hands free mode. These conversations are to be kept to a minimum and apply only to work related conversations. This exception to the policy facilitates public safety by allowing our emergency workers to continue to their next destination uninterrupted. If a longer conversation is necessary, the employee is required to find a safe place to park the vehicle to continue the conversation.

Commissioned officers with the Greene County Sheriff's Office will refer to and comply with department policy regarding usage of electronic devices. All other G.C.S.O. employees must comply with this policy.

- C. Employees authorized to use personal cell phones under this policy will receive a monthly stipend based on their position and estimated use of the device. Monthly stipend amounts will be determined by the Greene County Commission. Monthly stipends are not intended to cover the entire cost of a monthly cell phone bill. If an employee obtains or currently has a plan that exceeds the monthly stipend, Greene County will not be liable for the cost difference. Greene County will award monthly stipends based on the following three tier system. Elected officials and department administrators will determine which tier an employee is assigned.

Tier One (1)

24/7 Access Employee: Day-to-day job responsibilities require routine response to urgent (immediate action required) Greene County business at any time of the day or night; or employees whose decision-making abilities could impede business operations without a response, usually reserved for management.

Tier Two (2)

Mobile Employee: Job requires routine field work and need to communicate real time with office or department to give or receive direction. These employees occasionally need to be contacted after assigned working hours.

Tier Three (3)

Daily Operations Employee: Job requires employee to frequently be away from office computer and/or phone; or employee does not have physical working office space and must be available via e-mail, text message, and/or phone call during regular assigned working hours.

Monthly stipends will be temporarily suspended for any employee during an unpaid leave of absence.

Employees must have a completed cell phone stipend acknowledgement form on file with the Greene County Human Resources Department. Employees who have not received authorization in writing from their respective management and who have not provided written consent will not be permitted to use personal communication devices for business purposes.

D. Access

Personal devices are not permitted on the County's secure network. The County does provide a public access wireless network for personal devices to be used at the employee's own risk. The County recommends that any user that accesses County resources from any personal device:

1. Keep the device and all apps current on security updates.
2. Secure the device with a passcode or locking mechanism.
3. Be aware that personal devices are prime targets for malware and precautions be taken when accessing County resources.
4. Secure the device with antivirus if it uses Windows, Mac, or Linux operating system.
5. The County recommends for any employee or representative of the County, while on campus or when serving as a County representative off-campus:
6. The device should either be set to silent /vibrate only or to a factory default ringtone for calls and notifications (new text message, new email, etc.).
7. Other customization options, including but not limited to, wallpaper, lock screen, and phone cases, should be set to factory default settings or a custom option appropriate for the workplace.
8. All communication that is not of a public nature should be conducted in a private area and professional communication is expected on all calls (no shouting, offensive language, etc.).
9. When working with or around the public, or in public spaces, be sure the content on the device is workplace appropriate.

The County strongly recommends never using public terminals to access County information or resources and never using rooted or jailbroken devices.

Failure to follow procedures outlined in this policy may result in disciplinary action, up to and including termination of employment.

In addition, employees may not distribute literature or printed materials of any kind, solicit financial contributions, or solicit for any other cause during working time. Working time does not include lunch periods, work breaks, or any other periods in which employees are not on duty. These bulletin boards are glass enclosed, locked for security and cleanliness purposes and are located in the lower level of the Historic Courthouse and the first floor of the Judicial Courts Facility. They are used to communicate official federal and state employment law, job postings, internal memorandum, notices announcing special events, and other important information.

The Human Resources Office maintains the keys and is responsible for keeping the postings up-to-date and attractive on employment bulletin boards. Employees or outside parties may not post, tape, tack, or affix in any way any form of literature, printed or written materials, photographs, advertisements or notices of any kind on any county bulletin boards or their glass coverings, on the walls, in time clock areas, or anywhere else on county property with the exception of the public bulletin board which is also located in the lower level of the Historic Courthouse. Greene County reserves the right to search any employee's office, desk, files, locker, or any other area, as well as the articles found within them, at any time by an officeholder, department administrator or representative at any time, with or without notice, when the county has reason to believe an employee is violating any policy regarding contraband, controlled substances or other rules. Entry on the county premises constitutes consent to searches and inspections. Refusal to consent to a search or inspection when requested by an authorized county representative constitutes insubordination and a violation of county policy subject to disciplinary action up to and including termination.

Section 15 – 14: Smoking/Tobacco Use

The use of tobacco or smoking poses a significant risk to the health of employees. In addition, there is increasing evidence that smoking is also hazardous to nonsmokers. To maintain a safe and comfortable working environment and to ensure compliance with applicable laws, the members of the Greene County Commission have approved a "No Tobacco" policy on our campus. This policy will apply to all employees and visitors in all Greene County-owned buildings, stairwells, and attachments thereof. Employees smoking or using tobacco in any nonsmoking/nontobacco area may be subject to disciplinary action.

Section 15 – 15: Safety

Greene County is committed to providing a safe and healthful working environment. To accomplish this objective, all county employees are expected to work diligently to maintain safe and healthful working conditions and to adhere to proper operating practices and procedures designed to prevent injuries and illnesses.

Information is provided to employees about workplace safety and health issues through regular internal communication channels such as supervisor-employee meetings, bulletin board postings, memos, or other written communications. If an employee is in doubt about the proper procedures to follow on the job, they should consult their supervisor. Employees who violate safety standards, who cause hazardous or dangerous situations, or who fail to report or, where appropriate, remedy such situations, may be subject to disciplinary action, up to and including termination of employment. There could also be a possible reduction in workers' compensation benefits for not following safety policies. Each employee is expected to obey safety rules and to exercise caution in all work activities. The responsibilities of all employees in this regard include:

- Exercising maximum care and good judgment at all times to prevent accidents and injuries;

Section 15 – 16: Drug Free Workplace Act

The Drug Free Workplace Act requires recipients of federal grants to maintain policies prohibiting the possession and distribution of a controlled substance. Therefore, it is the policy of Greene County to create a safe and drug-free workplace in keeping with the spirit and intent of the Drug-Free Workplace Act. The provisions of this policy will apply to all county employees and to all applicants for county positions.

A. Statement of Policy

While on county premises and while conducting business-related activities off the county premises, the unlawful manufacture, distribution, dispensation, possession, sale, or use of a controlled substance or alcohol is strictly prohibited. The legal use of prescribed drugs is permitted on the job only if it does not impair an employee's ability to perform the essential functions of the job effectively and in a safe manner that does not endanger other individuals in the workplace.

B. Consequences of Violation of the Policy

Violations of this policy will lead to severe disciplinary action, up to and including immediate termination of employment and or required participation in a substance abuse rehabilitation or treatment program at the employee's expense. Such violations may also have legal consequences.

C. Notification of Employees

In accordance with the provisions of the Drug-Free Workplace Act, every employee who is engaged in the performance of any work connected with a federal grant will be given a copy of this policy and will, as a condition of employment:

1. Abide by the terms of the Substance Abuse Policy;
2. Notify Greene County of a criminal conviction of controlled substance-related violation in the workplace, including pleas of nolo contendere (i.e., no contest), within five days of such conviction or plea. Greene County will notify the federal agency through which a grant is administered within 10 days after receiving notice from an employee or otherwise receiving actual notice of such conviction.

D. Drug-Free Awareness Program

Employees will periodically receive information to educate employees about the dangers and effects of substance abuse; the county's policy of maintaining a drug-free workplace; the

penalties that may be imposed upon employees for drug abuse violations occurring in the workplace; and rehabilitation resources available to employees.

E. Health Insurance Benefits for Chemical Dependency

Employees with drug or alcohol problems that have not resulted in, and are not the immediate subject of, disciplinary action may request approval to take available sick and/or unpaid leave to participate in a rehabilitation or treatment program. The county's health insurance program provides benefits for treatment of chemical dependency, including alcoholism, as part of the overall medical benefits program for eligible full-time employees. For further information please contact the Human Resources Department.

F. Alcohol and Controlled Substance Testing

Employees whose jobs are classified as safety-sensitive are subject to alcohol and controlled substance testing. Employees in these positions will be provided a copy of the applicable alcohol and controlled substance testing policy and will be required to sign an acknowledgment of receipt of the policy.

1. DOT Drivers - Highway Department

Employees whose jobs are classified as safety-sensitive and/or require a Class A or B Commercial Driver's License (CDL) to operate commercial motor vehicles are subject to the Alcohol and Controlled Substance Testing Policy Applicable to Department of Transportation Covered Positions detailed in Appendix B of this manual.

Non-DOT Employees and Safety-Sensitive Positions

Applicable to Non-DOT drivers and safety sensitive positions. Refer to Appendix A.

2. Sheriff's Office

Sheriff's Office employees are subject to the alcohol and controlled substance testing provisions of the Greene County Sheriff's Office Drug Free Workplace Policy and Procedure. (Refer to Sheriff's Office Policy and Procedure Manual)

3. Juvenile Services

Juvenile Services employees, whose job duties require performing safety-sensitive functions including direct contact with and/or temporary custody of juveniles as part of their job duties and/or operating county-owned vehicles are subject to the Juvenile Services Alcohol and Controlled Substance Testing Policy. (Refer to Juvenile Department Supplement Appendix.)

4. Prosecuting Attorney's Office

Prosecuting Attorney's Office investigators licensed by the Peace Officer Standards and Training Commission (POST) are subject to the alcohol and controlled substance testing provisions of the Greene County Sheriff's Office Drug Free Workplace Policy and Procedure. (Refer to Sheriff's Office Policy and Procedure Manual)

Section 15 – 17: Workplace Violence

Due to the increased violence in society, which has also filtered into many workplaces throughout the United States, it is the policy of Greene County to expressly prohibit any acts or threats of violence by any county employee or former employee against any other employee, visitor, or customer on county property or elsewhere at any time.

Workplace violence includes but is not limited to physical assaults, verbal assaults, harassment, threats, abusive language, carrying concealed weapons, stalking, or intimidation. Therefore,

- Any employee who engages in workplace violence or in violence/harassment off-the-job that is work related will be subject to severe disciplinary action, up to and including immediate termination.
- The county will take appropriate action when dealing with employees, former employees, or visitors to county facilities who engage in violent behavior. Such action may include notifying the sheriff, police or other law enforcement personnel and prosecuting violators of this policy to the maximum extent of the law.
- With the exception of law enforcement personnel authorized to possess firearms by the Sheriff, the county prohibits employees, former employees, and visitors from bringing unauthorized firearms or other weapons into areas where it has been posted that they are prohibited.
- Any employee who is the victim of violence or observes such activity is responsible for reporting it to their elected official or department administrator. Employee reports made pursuant to this policy will be held in confidence to the maximum extent possible.

Section 15 – 18: Children in the Workplace

It is the responsibility of the County's elected officeholders and departmental supervisors to ensure that work on the County's campus is accomplished in an environment which respects employee health and safety concerns and work- related disruptions are minimized.

Prior approval from an elected official or department head is needed for employees to permit a visit by their minor children or other persons under their care, hereinafter referred to as dependents. The nature of an approved visit should be brief and non-compromising the nature of the office. Having dependents visit the work place is the exception not the rule. A dependent visit during the employee's work day may result in a lack of regard for the safety of such person, the creation of disruptions in the work flow and work activities of the employee and co-workers, compromise confidentiality and present a distraction from a professional work environment. Obviously, dependents exhibiting symptoms of potentially contagious illnesses should not be brought into the workplace.

The workplace may not be used as an alternative for daycare. When daycare arrangements breakdown, an employee should seek other alternatives. The County Personnel Policy Manual, Section 10-1(b), contains provisions that allow employees to use earned sick leave for the purpose of caring for family members.

Any employee who violates this policy will be requested to remove the dependent from the County facility. Any employee refusing to remove the dependent from the County facility is subject to being escorted from the facility with the dependent. In addition, violation of this policy may result in disciplinary action up to and including termination of employment.
