# SEVERE WEATHER ALERT

stay aware, be prepared...

## SEVERE WEATHER HAZARD REPORT

### Springfield-Greene County Office of Emergency Management

### Emergency Operations Center Partner Agencies

05/03/2020 – 0930

Watches/Warnings: None at this time

#### Hazards

Severe Thunderstorms	Limited
Lightning	Limited
Thunderstorm Wind	Limited
Excessive Rainfall	Limited
Hail	Limited

#### Discussion:

A few storms are possible across the southern Missouri Ozarks through this morning. The strongest storms could be capable of hail up to the size of quarters. Damaging straight line winds will also be possible with the most intense storms. Not all locations will be effected as coverage will be more scattered in nature.

#### Citizen Action Statement:

- Have a severe weather shelter plan! Review emergency kit and identify closest safe shelter.
- Have a way of receiving severe weather warnings (NOAA Weather Radio, social media, news media, etc.)
- Take shelter when lightning is in the area! *"When thunder roars...go indoors!"*
- Citizens with outdoor recreational plans along area rivers and streams should be alert for the potential for lightning strikes and rapidly rising water levels. *"Turn around...don't drown!"*

#### Emergency Management Issues:

- OEM is monitoring "WxNet" (B-15) on Greene County 800 TRS
- Springfield-Greene County EOC is currently at **OpCon Level 2: Activation (Virtual/Physical)**
- All interested parties should continue to monitor the situation for forecast changes.
- Follow OEM: Twitter @gcoem or Facebook/SpringfieldGreeneOEM

## Today's Severe Weather Risk

### Severe Weather Timing & Location

- Storms will move west to east throughout the day.
- Storms are already severe over SE KS...with reports of 70+ mph winds.

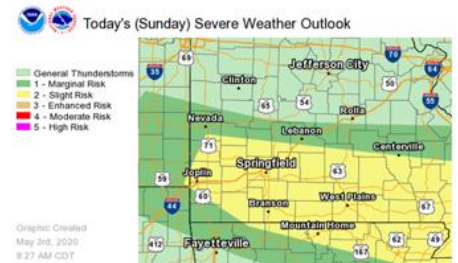

#### Hazards

- Strong to severe storms will produce 50-70 mph winds and up to half dollar hail.

#### Actions

- Be weather aware and ready to act! Stay indoor when thunder roars.
