

Emergency Rental Assistance Program

Status Update: April 06, 2021

Total activity through our fourth week of operations is estimated as the following: We estimate receiving 3,298 calls about our program so far. We have screened for eligibility 1,152 of that call volume and booked 662 appointments. We have completed 259 face-to-face appointments with 196 of those providing final information. 181 of those have had award amounts with 11 still being determined. To date the program has awarded more than \$432,701.

The County is very proud of the positive impact our Community Partners are having on our community. Greene County has also completed all of the necessary steps for citizens to be eligible to apply for Emergency Rental Assistance through the State program at the Missouri Housing Development Commission. Information on that program is available at mohousingresources.com. Please note benefits can only be obtained at one or the other for the same period of time.
