# SEVERE WEATHER ALERT

stay aware, be prepared...

## SEVERE WEATHER HAZARD REPORT

### Springfield-Greene County Office of Emergency Management

### Emergency Operations Center Partner Agencies

7/9/2021 – 5:00 pm

**Watches/Warnings:** No current watches/warnings

#### Hazards

	<b>7/10</b>
Lightning	<b>Significant</b>
Thunderstorm Wind	<b>Limited</b>
Hail	<b>Limited</b>
Excessive Rainfall	<b>Limited</b>

#### Discussion:

Models continue to show a thunderstorm complex developing Saturday afternoon. The airmass over the region is expected to be very unstable with ample energy to enable the formation of strong to severe thunderstorms. All modes of severe weather will be possible with these storms. In addition, heavy rainfall and isolated flash flooding will also be possible.

#### Citizen Action Statement:

- Have a severe weather shelter plan! Review emergency kit and identify closest safe shelter.
- Have a way of receiving severe weather warnings (NOAA Weather Radio, social media, news media, etc.)
- Take shelter when lightning is in the area! *“When thunder roars...go indoors!”*
- Citizens with outdoor recreational plans along area rivers and streams should be alert for the potential for lightning strikes and rapidly rising water levels. *“Turn around...don’t drown!”*

#### Emergency Management Issues:

- OEM is monitoring "WxNet" (B-15) on Greene County 800 TRS
- Springfield-Greene County EOC is currently at: **OpCon Level 4: Monitoring**
- All interested parties should continue to monitor the situation for forecast changes.
