SEVERE WEATHER ALERT

stay aware, be prepared...

SEVERE WEATHER HAZARD REPORT

Springfield-Greene County Office of Emergency Management

Emergency Operations Center Partner Agencies

06/25/2022 – 1130 hours

Watches/Warnings:

Heat Advisory

Hazard	06/25	6/26
Excessive Heat	ELEVATED	MARGINAL
Lightning	LIMITED	LIMITED
Severe Thunderstorm	LIMITED	MARGINAL

Discussion:

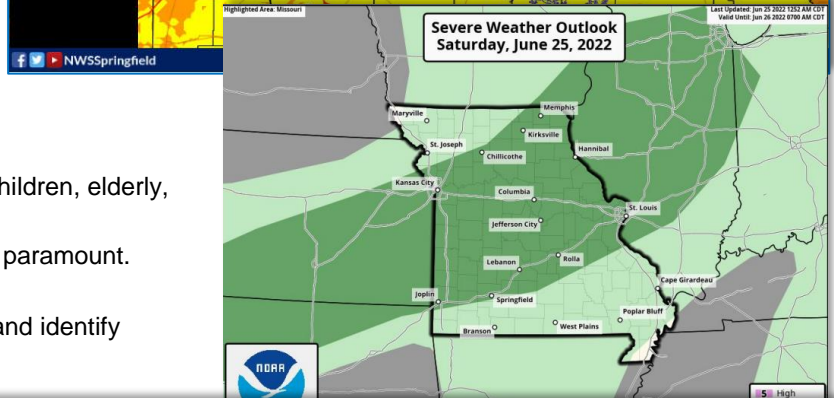

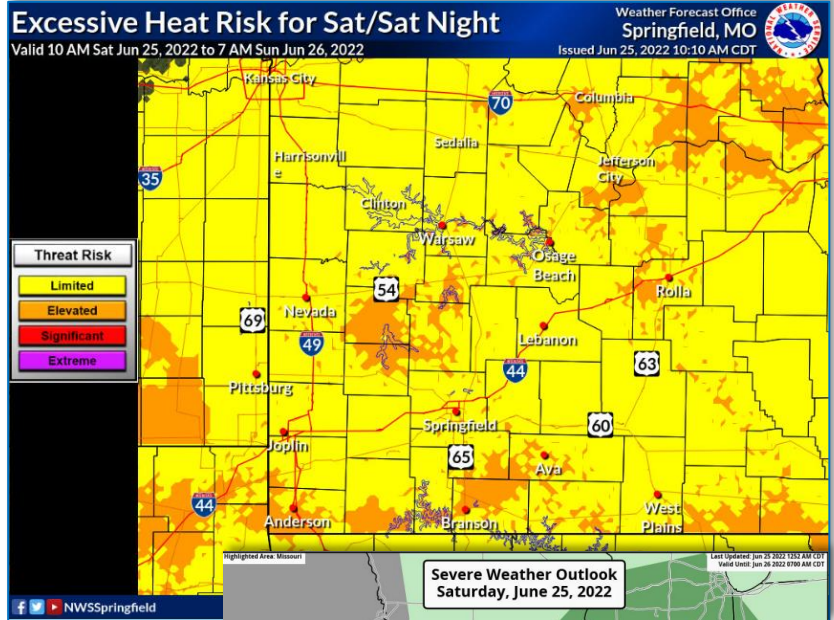

A Heat Advisory is in effect for this afternoon into the early evening hours. Very hot and humid conditions expected throughout the Missouri Ozark area today. Maximum temperatures for the area are upper 90s with heat index showing triple digit values. This is expected to be consistent throughout the entire CWA. Increased chances for showers and thunderstorms expected into tonight and tomorrow due to a cold front entering the area following the heat wave. Possibility of damaging wind gusts and hail tomorrow morning with the incoming storm.

Citizen Action Statement:

- Vulnerable populations to extreme heat include, newborns, children, elderly, and individuals who are pregnant or chronically ill.
- Dehydration, Heat stroke, and heat exhaustion awareness is paramount.
- Never leave kids or pets in the car.
- Have a severe weather shelter plan! Review emergency kit and identify closest safe shelter.
- Have a way of receiving severe weather warnings (NOAA Weather Radio, social media, news media, etc.)
- Take shelter when lightning is in the area! **“When thunder roars...go indoors!”**

Emergency Management Issues:

- Springfield-Greene County EOC is currently at:
 - OpCon **Level 4: Routine**
- OEM will continue to monitor this developing weather situation.
- Follow OEM: [Twitter @gcoem](#) and [Facebook/SpringfieldGreeneOEM](#)
- MoDOT: Traveler Information map: <http://maps.modot.mo.gov/timi/>
- Ozarks Traffic: <http://www.ozarkstraffic.com/>
