

HAZARD REPORT

SEVERE WEATHER

SPRINGFIELD-GREENE COUNTY OFFICE OF EMERGENCY MANAGEMENT

Emergency Operations Center Partner Agencies

07/14/2023 | 0930

Hazard Event #: 23-026

Watches / Warnings / Advisories:

None at the time of this report.

HAZARD	Jul-14
Severe Thunderstorm	Limited
Thunderstorm Wind	Limited
Hail	Limited
Lightning	Elevated
Excessive Rainfall	Elevated

DISCUSSION

Showers and thunderstorms will continue to track across southern Missouri and southeast Kansas this morning. Additional scattered thunderstorms will be possible this afternoon. A stronger storm complex will move through the area this evening into tonight. Wind gusts up to 75 mph, hail up to the size of quarters, and localized flash flooding are the primary hazards. Rainfall totals range from 0.5-1.5 inches through the evening with localized amounts of 2-4 inches under heavier storms. Areas that received recent significant rainfall may be more vulnerable to flash flooding.

CITIZEN ACTION STATEMENT

- Have a severe weather shelter plan. Review your emergency kit and identify the closest safe shelter.
- Have a way of receiving severe weather warnings (NOAA Weather Radio, social media, news media, etc.)
- Take shelter when lightning is in the area.
- **“When thunder roars . . . go indoors!”**
- Citizens with outdoor recreational plans along rivers and streams should be alert for the potential for lightning strikes and rapidly rising water levels.

“Turn around . . . don’t drown!”
