Greene County Information

Budget Calendar and Process

Greene County's budget process is regulated by the Missouri Statutes (RSMO 50.525-50.641). Greene County is a first-class county with a County Commission-appointed Budget Officer.

The annual budget process begins in June with the distribution of information packets to the Officeholders and Department Heads. The informational packets include any salary and benefit estimates for review and changes and past information related to other cost categories. A training session on the spreadsheets is made available to any Officeholders and Department Heads at the end of June and beginning of July. The Budget Office meets with the Commission, Officeholders, and Department Heads as needed to help with budget request submissions. Between June and September 1, the Budget Office develops preliminary revenue projections.

A designee of the Presiding Judge of the 31st Circuit Court shall meet, no later than August 17, with designees of the County Commission and Budget Officer to discuss and confer the Circuit Court's estimates of its requirements for expenditures and its estimates of its revenues. All budget requests and the Court order are due to the Budget Officer on or before September 1. If an office or department does not submit their budget request by September 10, the Budget Officer shall make the request for them. During September and October, the Budget Office meets with Officeholders, Department Heads, and staff to compile a Recommended Budget. The Recommended Budget is presented to the County Commission no later than November 15.

Public Hearings are conducted between late November and early January. The County Commission makes final adjustments to the budget and formally adopts the budget no later than January 10 (or January 30, in a year after a Commissioner's term expires.)

- **June:** County Budget Office conducts annual budget training and distributes budget instructions and information to Officeholders and Department Heads.
- **July and August:** Officeholders and Department Heads input budget requests into the accounting software.
- **August 17:** Statutory meeting deadline for Circuit Court and County Commission to meet regarding the Circuit Court, Circuit Clerk, and Juvenile Office upcoming Court-Ordered budgets.
- **September 1:** Statutory deadline for submitting budget requests to Budget Officer.
- **September 10:** Budget Officer prepares and submits budget requests for offices or departments having not submitted requests.
- **September and October:** Budget Officer reviews budget requests and meets with Officeholders and Department Heads, as well as the County Commission, as necessary.
- **November 15:** Statutory deadline for Budget Officer to present Recommended Budget to County Commission.
- **November 15 through January 10 (January 30):** Public Hearings held regarding the Recommended Budget.
- **January 10:** Statutory deadline for adoption of budget by the County Commission. (The statutory deadline is January 10, except in a year after which a County Commissioner is elected. In those years, the deadline is January 30.)

History of Greene County, Missouri and Seal

History

When Greene County was organized on January 2, 1833, it was on the edge of the frontier, bordered by the vast unsettled lands known as the Indian Territory. Its original limits were the western and southern boundaries of the state, the Gasconade River on the east, and the Osage River on the north. The County's name came from Revolutionary War hero Nathanael Greene. The first session of the Greene County court was convened in 1833 in John Polk Campbell's cabin. In 1837, the County Court approved an appropriation of \$3,250 for the construction of a two-story stone building in the center of the public square. By 1858, the County had again outgrown the small courthouse and a site on the northwest corner was selected for a new courthouse. During the Civil War, troops from both the Union and Confederate Armies used the courthouse as a hospital, prison, and barracks. As Greene County moved into the 20th century, plans were made to build a new courthouse on the northeast corner of Boonville Avenue and Central Street. Moving the courthouse from its traditional public square location aroused controversy. The new building was opened in 1912. Eighty years later, the 1912 courthouse could no longer house the services of a modern county government. County Commissioners prepared to construct a Judicial Courts Facility north of the Historic Courthouse at a cost of \$8.2 million. All judicial functions of County government moved into the Judicial Courts Facility in 1996.

Seal

In the center of the Seal, between the unfurling flags of the United States and the State of Missouri, is the heraldic shield of loyalty. The shield consists of three fields, upon each are fasces, representing the three Commissioners of the County. Above the shield is the native Ozark Oak Tree, representing the qualities of strength, longevity, and growth. The tips of the unfurling flags frame the date of the founding of Greene County, 1833. Within the same circle as the words "Greene County Missouri" is the motto of the State of Missouri, which translates, "Let the will of the people be the supreme law." This circle is encompassed by a wreath of oak leaves and acorns. The oak leaf clusters are the symbols of recognition of the people and each acorn represents a municipal township. The wreath intertwines at the top and bottom to show the unity between the people and the government of Greene County, Missouri.

Mission Statement

"To provide all citizens of Greene County, including those in our cities, a safe and thriving community through excellent customer service, unparalleled dedication, and the efficient use of taxpayer dollars."

Motto

"Greene County Works...". This tagline represents that this local government is a capable and functioning body. The ellipsis allows for a specific focus to be highlighted, which includes "Greene County Works... to Serve You.", "Greene County Works... Hard.", "Greene County Works... Well Together."

Executive Summary

BUDGET DEPARTMENT
Greene County, Missouri

Michael Cagle
Deputy Budget Officer

Jeffery Scott
Budget Officer

January 09, 2026

Honorable Bob Dixon, Presiding Commissioner
Honorable Rusty MacLachlan, District 1 Commissioner
Honorable John C. Russell, District 2 Commissioner
Citizens of Greene County, Missouri

Members of the Greene County Commission and Citizens of Greene County, Missouri,

In accordance with state law, I am pleased to present the Greene County, Missouri 2026 Annual Budget for your approval. The 2026 Recommended Budget has been amended under your direction, following eleven public presentations, hearings, and discussions. Total planned spending amounts to \$285,598,056.88 with estimated total current revenues of \$247,733,686.87 and prior year surplus of \$227,960,475.86. In addition, the Budget Department estimates another \$1,112,954.78 savings from planned spending in the 2026 budget. The countywide financials are projected to finish 2026 with a \$36,751,415.23 decrease to cash. This is primarily due to the following activities: 1) annual bond payments and the call and payoff of a bond (federal incentive fund spending from prior period grant revenues (62%), 2) final spenddown of ARPA and ARPA Interest funds from the Federal Stimulus Fund (29%), and 3) in planned spenddown of E-911 Fund balance for replacement of capital items (3%). General Revenue is budgeted to have a small increase in cash and cash equivalent balance.

The Greene County Budget Document

A concerted effort has been made to make the actual budget document easier to read and understand. Since 2024, the budget consists of revenues per fund, summarized by three categories: Taxes, Intergovernmental, and Other. In addition, expenditures have been presented by Officeholder, within Fund, in three categories: Personnel, Operations, and Capital. Annual fiscal responsibilities and changes from prior year for Officeholders are readily apparent under the Budget Tab. The Plan tab has the same detail level of information in older budget documents. The plan has become the basis for the approved budget. The basis for future budget requests will still consider performance with past plans.

Financial Condition

The leadership at Greene County has provided the fiscal discipline, operational efficiency, and financial transparency necessary to provide citizens with a sound County government. The impact of this budget complies with County long-term planning documents and is projected to keep the County in a strong position at the end of 2026. The budget was more difficult this year due to the 2024 year-end audited financial statements not being completed. Typically, the budget department has to estimate the current year-end activity and annual year-end entries. For the 2026 budget, annual year-end entries for 2024 and 2025 had to be estimated. These entries are significant and differences from estimates can have a considerable impact on the County's knowledge of the level of prior-year revenues that the budget process has to work with.

The County remains in a strong financial position due to the stability added from the 2017-approved sales tax. The County plans to exercise a call option for a neighborhood investment district bond. The primary sources of repayment (assessments) for this bond failed and the County has been supplementing payments with general

revenue for a number of years. The exercise of the call option will allow the County to save the future scheduled interest payments. The 2026 Budget will mark the last year for significant spending of Federal Stimulus Funds and the end of the Campus Planning Projects. The County will have allocated over \$84,410,000 in federal stimulus funds since 2020 and spent \$157,625,000 in bond principal on campus projects since 2018. With these significant projects being completed the County will revisit long-term planning model and attempt to establish normalized levels of operations. While this will mark an end of some significant activities the County will still be facing challenges. The County continues to struggle with attracting and keeping quality employees. The Commission approved a 3% COLA and a mid-year step increase for eligible employees in this year's budget. In addition, the County is unable to provide for the proper laddering and funding of vehicle and equipment replacement. County facilities are becoming dependent on more technology and equipment. As in the previous year, this budget delayed the replacement of vehicles this year to address the needs of employee salaries.

Budget Process

As a first-class non-charter county, Greene County's budget process is governed by the Revised Statutes of Missouri (RSMo) 50.525-50.641.

As per statute, all budget requests were due to the Budget Officer no later than September 1, 2025. The Requested Budget, including preliminary revenue estimates, was presented and made available publicly on-line on October 02, 2025. The Recommended Budget was presented at a public hearing to the Commission on November 12, 2025. Five posted public meetings were held with the Circuit Courts, Officeholders, and Department Heads to discuss budget requests. Revisions made by the County Commission, during three public meetings, to either increase or decrease the Recommended Budget are included in this adopted budget as authorized by RSMo 50.610. A final public hearing was held on January 09, 2026 to review the final decisions. The 2026 budget process included a total of eleven public meetings.

Economic Outlook

The Greene County unemployment rate was 4.1% as of August 2025, compared to 3.5% in August of 2024. In comparison, the August 2025 unemployment rate for Missouri was 4.5% and for the United States was 4.5%. Full employment is defined as the situation that occurs with the most people employed as possible without causing inflationary pressures. The Federal Reserve has designated this "Noncyclical Rate of Unemployment" as 4.31%, for the fourth quarter of 2025. The Federal Reserve Open Market Committee has started lowering interest rates with inflation remaining managed. Sales tax retail activity occurring in 2025 is up 1.81% through eleven months of processing. The county has developed trend lines to monitor sales tax and to predict when we typically switch cycles from an increasing growth environment to a decreasing growth environment. The trend lines crossed with the October 2025 processing and we now see a decline in the sales tax growth rate. The three-month trend line exhibited an extended period on sideways moving instead of the expected climb and eventual fall to meet the climbing one-year trendline. The difference from predicted behavior is attributed to the uncertainty in the markets effecting consumer confidence spending. Due to this crossing happening lower on the chart the possibility exists for the rate of declining growth to actually cross into a period of actual decline or a recession. Moody's Analytics is estimating a 42% chance of a recession in 2026. This percentage is actually lower than previous estimates. They have cited low consumer confidence, tariff uncertainty, weak labor markets and high valuations in equity markets as risks for inflation. The County has budgeted sales tax volumes flat with the anticipated 2025 results. The County will continue to monitor unemployment rates, and economic growth as indicated by sales tax receipts for changes that could indicate a change in the economic outlook.

Revenue Projections and Assumptions

Total current year revenues, not including transfers, for the 2025 Budget are projected to net decrease from anticipated 2025 ending balances by 1.80% or \$3,817,263.80 for the following major operating funds: General Revenue, Road & Bridge, Assessment, E-911, Law Enforcement Sales Tax, and Parks. This net decrease is primarily due to a \$4,383,600.00 decrease in the Road and Bridge fund for Special Road Projects, which is a part of intergovernmental revenue. Other large decreases include: \$2,108,736.84 less ARPA and ARPA Interest reimbursements for the General Revenue Fund, and 1,293,709.68 less State Grants for the E-911 Fund.

Tax revenues comprise 73% of the revenue for the major operating funds and sales tax specifically represents 64%. Trend monitoring now shows a period of declining sales tax growth.

Each revenue type is reviewed and projected individually to develop trends and forecast projections. Historic performance, multi-year averaging, economic indicators, and a combination of any of the above are used to project each revenue type.

Sales Tax

- General Revenue Sales Tax – The County’s one-half cent General Sales Tax was approved by voters in 1984. It is budgeted at \$38.8 million in 2026. The General Sales Tax is shared equally between the General Fund and the Road and Bridge Fund, with each estimated to receive approximately \$19.4 million. Due to provisions in the State law which authorize this tax, property tax is reduced by one-half of the increased amount collected. Calculations, such as municipality share of Special Road Property Tax, are figured in a manner as if property tax has not been reduced in this manner.
- Law Enforcement Sales Tax (LEST I) – In 1997, voters authorized a one-quarter cent sales tax to fund law enforcement activities. Approximately 62.0%, or \$12.0 million, is estimated to be distributed to the area municipalities of Greene County. The remaining 38.0%, or \$7.4 million, will be put towards activities in Juvenile Court, the Prosecuting Attorney Office, the Sheriff’s Office, Jail, and maintenance of the two-way radio system.
- Parks Sales Tax – In 2001, voters authorized a one-eighth cent sales tax to provide funding for parks capital projects and maintenance. In 2026, the 2001 Parks Sales Tax is estimated to generate \$9.3 million. 100% of these funds are distributed to area municipalities, the Springfield-Greene County Park Board, or used to retire the debt of the Park Board’s Dan Kinney Family Center Bond. This tax is subject to the domestic utility exception.
- Parks Sales Tax – In 2006, voters authorized a one-quarter cent sales tax to fund parks and stormwater projects and maintenance. In 2012, the portion dedicated to stormwater (one-eighth cent) sunset. The remaining one-eighth cent is projected to generate \$9.3 million and is 100% designated to the Springfield – Greene County Park Board and the area municipalities of Greene County. This tax is subject to the domestic utility exception.
- E-911 Sales Tax – In 2007, voters authorized a one-eighth cent sales tax to provide funding for the Springfield – Greene County Emergency Communications (E-911). The City of Springfield oversees daily 911 operations; however, the Commission retains budget approval authority. This sales tax is estimated to generate \$9.3 million in revenue in 2026. This tax is subject to the domestic utility exception.
- Law Enforcement Sales Tax (LEST II) – In 2012, voters authorized a one-eighth cent sales tax to be used exclusively for Greene County’s criminal justice and law enforcement needs. The estimated \$9.7 million in revenue will help to provide funding in Juvenile, the Prosecuting Attorney’s Office, the Sheriff’s Office, the Jail, and Pretrial Services. This tax was considered a net-neutral tax due to the one-eighth cent

portion of the 2006 Parks Sales Tax being sunset. At the time this tax was passed, it was stated that it would only take care of 15% of the projected need in this area.

- **General Revenue II Sales Tax** – In 2017, voters authorized a one-half cent General Revenue sales tax. While this is general revenue; County Commission passed a resolution before the tax was approved by voters that detailed the use of the funds. This tax will provide stability to the General Revenue fund by having funding for much-needed building maintenance, equipment replacement, and reserves. In addition, this tax provides a replacement source of funding for environmental projects that was lost in 2012. The tax also provided funding for needed infrastructure for a more efficient criminal justice system, including increased jail capacity. This tax is subject to the domestic utility exception. The estimated level of revenue is \$37.3 million for 2026.

Fiscal Policy

Reserves

- **Policy:** The County will maintain an undesignated fund balance equal to three months of General Revenue Fund operating expenditures.

Adherence: *This policy will be met for the 2026 budget. Total appropriations for 2026 General Revenue funds are \$93,751,479.67. Capital items total \$4,477,510.46, and projected budget savings from court order and small office vacancy is \$631,914.38. Net operating expenditures are estimated at \$88,642,054.83. The needed cash reserve is \$22,160,513.71 and the expected ending cash and cash equivalents balance is \$46,487,041.46 for 2.10x coverage.*

- **Policy:** The County will strive to maintain a balance of \$1 million in a liability reserve account to help minimize the impact of an unfavorable judgment against the County.

Adherence: *This policy will be met for the 2026 budget.*

Revenues

- **Policy:** The County will maintain a stable and diversified revenue base.

Adherence: *This policy will be met for the 2026 budget.*

- **Policy:** The annual property tax levy will be set by the County Commission in accordance with Article X of the Missouri Constitution ("Hancock Amendment"), and Chapter 137 of the Revised Statutes of Missouri at the maximum amount allowed.

Adherence: *This policy will be met for the 2026 budget.*

- **Policy:** The County will structure fees to assess the cost of service to end users within provision of the Revised Statutes of Missouri.

Adherence: *This policy will be met for the 2026 budget. The Resource Management department began an assessment of their fees in 2022 and will continue this project into 2026.*

Operating Budget

- **Policy:** The County will not allow operating expenditures to exceed projected revenues.

Adherence: *This policy will be met for the 2026 budget. By definition revenues include prior year surplus.*

- **Policy:** Major capital purchases will be funded from the undesignated fund balance or from funds that specifically allow for capital expenditures.

Adherence: *This policy will be met for the 2026 budget.*

Employee Hiring

- **Policy:** To remain budget neutral, a vacancy period will be case-by-case determined such that the savings from vacancy will cover the added cost of the employee payout occurring with the vacancy.

Adherence: *This policy will be met for the 2026 budget.*

Pay out of overtime and/or existing compensatory time

- **Policy:** For calendar year 2026, Greene County departments may choose to pay out overtime and/or existing compensatory time balances. Overtime and compensatory balances may only be paid if a department has vacancy in excess of budgeted vacancy. This pay-out option supports our departments which are unable to grant time-off requests due to low staffing levels.

Adherence: *This policy will be met for the 2026 budget.*

I would like to acknowledge Deputy Budget Officer Mike Cagle, for sharing responsibility and ownership of this project; the County Commission and County Administrator Chris Coulter, for their guidance and wisdom during this process. This budget document is the combined effort of all Officeholders, department directors, and staff of Greene County. I would like to thank those individuals for taking the time to prepare and submit budget requests, for reviewing the recommended budget, for reviewing the budget numbers after the Commission decisions, and for attending any of the eleven public meetings held to prepare this budget in a public and transparent manner. It is my honor and I take great pride in being able to present the 2026 Budget to the County Commission on behalf of all those who worked toward its completion.

Respectfully submitted,

Jeffery Scott
Budget Officer
