

HAZARD REPORT

SEVERE WEATHER

SPRINGFIELD-GREENE COUNTY OFFICE OF EMERGENCY MANAGEMENT

Emergency Operations Center Partner Agencies

04/28/2026 | 0915 hrs. Hazard Event #: 25-026

Watches / Warnings / Advisories:

None at this time.

HAZARD	04-28
Severe Thunderstorm	Slight
Tornado	Slight
Thunderstorm Wind	Marginal
Hail	Slight

DISCUSSION

Showers and thunderstorms are expected to spread across the area from southwest to northeast starting as early as 10am to 12pm, lasting through the evening (50-70% chance). Following showers and storms, some drizzle may occur.

Slight to enhanced risk for storms to become severe today, mainly along and south of I-44. Large hail up to golf balls to tennis balls is the main hazard throughout the day, with a conditional damaging wind and tornado risk this afternoon and evening.

Due to chances of storms throughout the day, localized flooding may occur with any repeated rainfalls or training of storms.

CITIZEN ACTION STATEMENT

- Have a severe weather shelter plan. Review your emergency kit and identify the closest safe shelter.
- Have a way of receiving severe weather warnings (NOAA Weather Radio, social media, news media, etc.)
- Take shelter when lightning is in the area.
- **“When thunder roars . . . go indoors!”**
- Citizens with outdoor recreational plans along rivers and streams should be alert for the potential for lightning strikes and rapidly rising water levels.

“Turn around . . . don’t drown!”
