Items for Consideration and Action by the Commission

1. Taxpayer Tax Refund Request—Lacie Griffin

The Collectors Office requested a refund of taxes paid on a common area that has now gone to zero value. The common area was split among surrounding parcels and was previously taxed separately causing property owners to pay double for their property. Statues state the County can go back three years when considering refunds in this situation. Once the property is taxed/paid, the responsibility of requesting any refund(s) falls to the Collector's Office. The Collector requested the Commission approve a refund on said property for 2013-2015.

Commissioner Bentley moved to refund the amount of \$1491.63 for years 2013-2015, and the property now being placed at zero value. Commissioner Bengsch seconded. The motion was approved. Commissioner Cirtin was in route from another meeting and not present for the vote.

2. JAG Grant—Budget Office

This item is a split Intergovernmental Agreement (IGA) with the City of Springfield and Greene County. Commissioner Bentley moved to approve the agreement with the City of Springfield, but later withdrew the motion. The IGA was tabled until a court order is produced to accompany the document.

3. Monthly Bond Transfer—Budget Office

Monthly Bond Transfers for July 2016 were presented to the Commission for approval and circulated for signatures.

The Commission and Camille discussed the application options and the Commission agreed to add the information lines to the application.*
