Commission Briefing 05/15/18 @ 9:00 AM

Attendees: Bob Cirtin, Lincoln Hough, Harold Bengsch Jeff Scott, Tina Phillips, Kevin Barnes , Chis Coulter, Cindy Stein, Rick Artman, Mailyn Jeffries, Donna Barton and Megan Applegate.

Budget Office-Jeff Scott

Mr. Scott explained to the Commission about possible options to pay for the Wright Auto Property and which funds would be most appropriate. Mr. Scott explained that we would be unable to transfer funds from the General Revenue unless it was the last 2 months of the budget season unless it is considered an emergency. Mr. Scott says this would constitute as an emergency since the Sheriff has no more space for evidence. Commitment would need to be made by the Sheriff to help with the cost. The Commission was informed by Mr. Scott that there will be delinquent sewer letters sent out by John Housely (County Council).

Human Resources-Mailyn Jeffries

Reminder to the Commission that it is currently open enrollment and anyone who needs to modify their benefits can do so at this time. Ms. Jefferies explained to the Commission that HR will be posting two jobs and one will be for Payroll Coordinator, the position was approved at a grade 9 however based on other like positions Mailyn requested it to be at a grade 10. The Commission agreed that would be appropriate. The cell phone stipend issue will soon be brought back to the Commissions attention as an action item.

Meeting adjourned.
