Ozarks Transportation Organization's 2023 Electric Vehicle Charging Grant

Commission Briefing Action Item for 5/18/2023

The Carbon Reduction Program, through the Department of Transportation, provides funding opportunities for OTO member jurisdictions and eligible agencies within the OTO region to promote the use of electric vehicles (EVs) and reduce carbon emissions.

With Commission approval, Greene County could apply for **\$64,800** to purchase and install 4 Level 2 electric vehicle universal chargers for the Greene County campus parking lot directly west of the Historic Courthouse. Each charger would be equipped with a single charging port. The chargers would be installed during the repaving of the parking lot.

Through this program, applicants are required to provide a match of at least **20% (\$12,960)**.

Greene County's request will be evaluated on the following criteria:

- Value of project/cost effectiveness
 - **\$16,200** per charging station
 - A funding share of **25%** or larger is required to earn extra consideration
- Number of people served
- Demonstrated need

The resurfaced parking lot and EV chargers are expected to be complete this fall, 2023.
