(None)

#### Informational Items

##### 1. Sheriff Office—Sheriff Jim Arnott

- *Discussion of Sheriff's Department vehicle storage and the need for an additional, more permanent and localized area. The Sheriff gave the history of location(s) where vehicles are housed. The Sheriff indicated that many of the locations do not accommodate the length or height of equipment.*
- *The Sheriff mentioned a property that may be used to store the Sheriff's Department vehicles/equipment that would be adjacent to the Highway Department. This would be a plus since it would be close to the Highway Department for repairs and maintenance. Drawing presented to show the layout of a proposed building and easy access to frequently used vehicles/equipment.*
- *There was discussion regarding the possibility of shared space between the Sheriff's Department and the Highway Department with regard to items such as salt storage.*
- *The discussion continued regarding any surface/subsurface issues and how to avoid potential lifetime costs to the county if the land were procured without being very conscious of approval from agencies i.e. EPA.*
- *Cost of the property was discussed. Captain Lynn (Sheriff's Department) and Jeff Avers (Highway Department) will work closely together moving forward to see about the possibility of purchase and steps that would need to be taken to ensure that the property is "clean" of any liability regarding the environment.*

##### 2. Budget Office—Jeff Scott
